ADVENTURE AT LEISURE

THE NEW MU-X 7-SEATER SUV

The 2020 **ISUZU mu-X** offers all-terrain elegance like never before. A new robust appearance, bold functionality and luxurious style enhancements culminate in this ultimate 7-seater SUV – backed by ISUZU's power, technology and superior fuel economy.

No wonder this powerhouse looks just as good in cobblestone city streets as it does traversing the great outdoors! It demands attention on and off the road, offering luxurious comfort and style, powered by one of the world's most trusted diesel engines.

The 2020 **ISUZU mu-X** – destined for adventure.

SOLID

SINCE DAY 1

- ▶ **ISUZU** has been **A DRIVING FORCE SINCE 1916**, with the longest history of any Japanese vehicle manufacturer.
- ▶ **ISUZU** is the **LARGEST DIESEL ENGINE PRODUCER** with over **25 MILLION** engines built to date.
- ▶ **SUPERIOR PERFORMANCE**
- ▶ **EXCEPTIONAL FUEL ECONOMY**

ISUZU's mu-X has a proven, proud history of performance behind it and an even longer road ahead filled with adventure.

ALL-TERRAIN ELEGANCE

LUXURY ON AND OFF THE ROAD

Easily identifiable by its bold and robust appearance, the **ISUZU mu-X** knows how to command its path. Sophisticated city style matched with a bold off-road stance... The **mu-X** turns heads for all the right reasons.

Whether your rendezvous is on the red carpet or off the beaten track, the **mu-X** is at home in any setting or terrain.

The **mu-X** effortlessly blurs the boundaries between the city and the bush – providing you and your family with an endless choice of exciting destinations.

*ISUZU's mu-X is a full-size 7-seat SUV that **GOES WHERE YOU NEED IT TO GO!** Engineered to traverse the toughest of terrains – gracing the landscapes of Africa with presence and power.*

BUILT TO BE BOLD

POWERED BY ISUZU DIESEL

The **ISUZU mu-X** is here to shift your perception of the modern SUV. Its on- and off-road performance is reinforced by a powerful 3.0 L Turbo diesel engine. Its 3 tonne braked towing across the entire range indicates that it's not afraid of a little hard work.

POWER

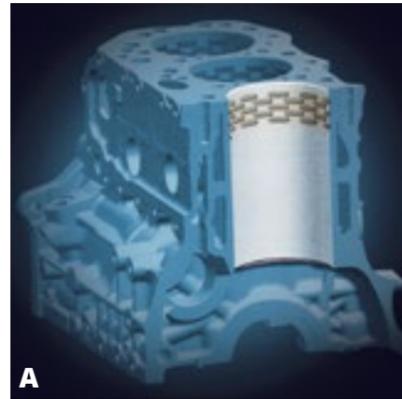

▶ AVAILABLE IN 4X2 AND 4X4

Famous for its durability, reliability and fuel economy, the **ISUZU 3.0 L TURBO DIESEL ENGINE** provides substantial power and torque to make light work of any load.

Delivering 130 kW of power and 380 Nm of torque, the high-pressure common rail fuel injection system makes the most of every drop of fuel, and the intercooled Variable Geometry System (VGS) turbocharger provides excellent response over the engine's entire rev range. Proven in a series of testing environments, each component of the Euro5-compliant ISUZU diesel engine has been crafted to reduce maintenance costs and increase durability, ensuring years of trouble-free motoring.

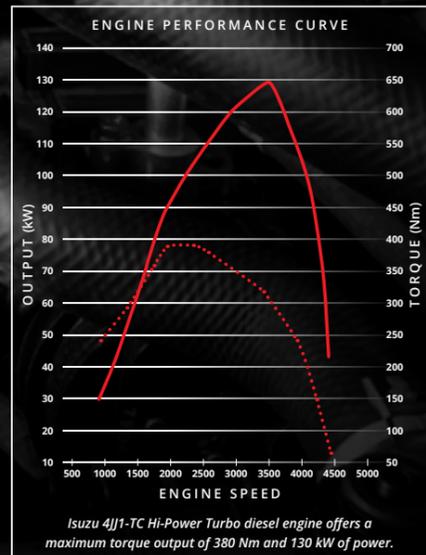

The **mu-X** is paired with a silky smooth 6-speed transmission, leaving you in control of your every move. Available in 4X2 and 4X4, this powertrain delivers:

A Melt-inliner and low compression pistons with Teflon coating enable increased fuel economy and engine durability, meaning lower maintenance costs and increased engine life.

B High-pressure common rail fuel injection system minimises the fuel amount needed in the combustion process, providing superior fuel economy.

EFFICIENT

MENT

FROM EVERY ANGLE

IN A CLASS OF ITS OWN

BUILT TO OUTPERFORM

From one of the world's leading manufacturers of diesel engine technology, the impressive 3.0 L Turbo diesel engine that powers the **ISUZU mu-X** is as frugal as it is athletic. Delivering plenty of power and torque, this stirring power-plant produces amazing fuel economy from just 7.9 litres per 100 km – which means less time filling up and more money in your pocket to spend on your next adventure.

EXPERIENCE SUPERIOR FUEL ECONOMY WITHOUT COMPROMISING ON POWER OR TORQUE...

The **mu-X** is undoubtedly your ideal travel companion for every adventure.

The **mu-X** is as efficient as it gets thanks to three core engine characteristics – improved torque output across a wider rev range provides optimum performance and fuel efficiency, while the **mu-X**'s Variable Geometry System (VGS) turbocharger optimises turbine response at low engine rpm to overcome 'turbo lag'. And for superior fuel economy, the **mu-X**'s common rail high-pressure fuel system uses the latest in fuel injector and high-pressure fuel rail technology.

In addition, the **mu-X** is equipped with intelligent 'grade-logic' transmission, which keeps the **mu-X** in the correct gear, preventing over-revving and unnecessary fuel burn.

STYLISH. URBAN.

THE VERSATILE ISUZU MU-X

EASE INTO OFF-ROADS

4WD AT YOUR FINGERTIPS

Leaving your comfort zone will become second nature when you drive an **ISUZU mu-X** as it's fitted with off-road protection systems for added driver control and safety.

The independent 5-link rear suspension is a primary enabler to the **mu-X**'s exceptional ride and handling characteristic. The 5-link design makes it possible to alter one parameter in the suspension at a time, without affecting anything else. This is in direct contrast to a double-wishbone suspension, where moving a hard point or changing a bushing compliance will affect two or more parameters.

TERRAIN
COMMAND DIAL

UNDERBODY PROTECTION
FRONT STEEL PLATE SKID /
SPLASH SHIELD

TERRAIN COMMAND ▶
When selecting 4WD, the Uphill / Downhill Transmission Control System automatically engages for effortless terrain command.

HILL DESCENT CONTROL ▶
Activating Hill Descent Control (HDC) will provide maximum traction to tackle tough downhill terrain.

EXTRA TOUGH ▶
Every **mu-X** 4X4 is fitted with rugged off-road protection, including steel plate guards where you need it most.

TRACTION CONTROL ▶
Feel how off-road obstacles become almost obsolete thanks to an intelligent Traction Control System with Electronic Stability Control.

Taking on the terrain has never been more exciting and achievable with the 'Terrain Command' 4WD select dial (2WD-high and 4WD-low) at your fingertips.

The automatic transmission will also engage the Uphill / Downhill Transmission Control System automatically.

Every **mu-X** 4X4 is fitted with the rugged off-road protection you need when roughing it. There's a front steel plate skid / splash shield, as well as steel plate guards to protect the sump and transfer case.

FOR ADDED DRIVER CONTROL AND SAFETY, THE HILL-START ASSIST IS AUTOMATICALLY ENGAGED...

The electronic brake control prevents rolling back when starting the engine on steep gradients (above 5.7 degrees). Hill Descent Control (HDC) which works in forward or reverse, will give you maximum confidence to tackle downhill terrain, providing maximum traction when activated.

You can expect superior stability and an intelligent Traction Control System (TCS) with Electronic Stability Control (ESC). You'll find that off-road obstacles almost become obsolete with ample ground clearance to play with.

GEARED TO GO!

OVER A CENTURY OF HARDWORKING DNA

Beneath the plush comfort of the **ISUZU mu-X**, you will find the same DNA that delivers our tough and reliable reputation. With a robust chassis delivering superior stability and road-handling in all conditions, the **mu-X** has gone through strenuous testing in searing heat, monsoon rain, hail and even snow to ensure that it never lets you down.

Our engines have been honed in trucks and light commercial vehicles for generations.

Under its stylish hood, the **mu-X** boasts an engine that distils everything ISUZU has learnt over the 100+ years to give you an efficient powerhouse that will get you wherever you want to go, and back. When you buy an **ISUZU mu-X** you don't just get an SUV, you get adventure from a brand you trust.

EVERY SEAT IS THE BEST SEAT

IN THIS SUPERIOR 7-SEATER

Cloaked behind the sleek interior lines of the **ISUZU mu-X** lies a smartly designed and comfortably spacious interior. The versatile second- and third-row seats mean that you will always be able to find a way to accommodate your passengers and anything else you need to take with you, without compromising on space and comfort.

Wide door arches make access for all passengers a breeze, while the side-steps not only enhance the tough exterior look of the **mu-X**, it also makes it easier for occupants to get in and out of the vehicle. When exploring your sense of adventure off-road, there's strategically placed assist-grips to help keep you grounded.

The **ISUZU mu-X** enhances its luxurious interior with ambient LED lighting, providing the driver with more spatial awareness, increased alertness and decreased levels of fatigue. Top that with a 6-way adjustable electric driver seat and French-stitched partial leather seats as standard, allowing you and your passengers to stretch out and relax in style – with increased shoulder, back and base support throughout thanks to the wrap-around bolster design of each seat in the **ISUZU mu-X**.

A

B

C

- A** Indulge in the deluxe comfort of soft partial leather seats with fine French stitching.
- B** Extra leg room and space give comfort to the second-row seats.
- C** The 6-way adjustable electric driver seat allows you to conveniently find your most comfortable driving position at the touch of a button.

SPACIOUS

MORE ROOM TO ROAM

LUXURIOUS SPACE AND COMFORT

The interior of every **ISUZU mu-X** is extremely versatile, but also extremely comfortable. There's room for you and a team of six to travel safely, securely and in comfort. Clever split / fold rear seats in both the second and third rows mean that no matter what seating configuration you choose, the versatile interior will provide you and your family with all the head, leg and shoulder room you need for a relaxing journey.

In addition to lounging space, there's also a practical side to the **mu-X's** interior. There's an abundance of clever storage compartments, and with the second- and third-row seats' ability to fold down, there's also a generous cargo area when you have a sizeable load to carry. You'll never need to look for another cupholder again, because our design engineers have managed to include 12 of them for whenever you need a refreshment at hand.

- A** *Second- and third-row seats fold flat to allow for maximum load space.*
- B** *The 40/60-split second-row seats' split design allows for large load space and 3 occupants.*
- C** *Third-row seats fold flat to provide extra load space.*

INNOVATION COMES STANDARD

FINESSED WITH THE BEST

**WHERE BOLD FEATURES
AND BEAUTIFUL FINISHES MEET**

The **mu-X** wouldn't be complete without functional features that make this SUV a pleasure to drive and be admired for. Exterior features like side-steps, a rear spoiler and 18" alloy wheels boost your driving experience. Large fold-away mirrors with LED indicators, underbody protection with steel sump and transfer case guard for extra protection are incorporated to protect you on wilder trails.

A reverse-view camera comes standard on all **mu-X** models, along with touchscreen displays. An 8-speaker audio system with iPod and Bluetooth® phone connectivity and audio streaming is standard across the **mu-X** range. All models feature two Sky Sound roof-mounted speakers that provide the ultimate audio experience for all passengers. Embedded touchscreen SatNav ensures you find your destination with ease. The Passive Entry and Start System on the **mu-X** provide convenient cabin access and keyless start operation, making your getaway quick and easy.

With the **mu-X**, both you and your passengers will experience comfort and convenience no matter how long your drive.

A: Get from A to B, wherever you may be, with built-in SatNav.

B: Back up with confidence, with reverse-view camera.

C: Passive Entry and Start System provides keyless locking and unlocking as well as an engine start/stop button.

▶
Enjoy finishing touches like a **LEATHER STEERING WHEEL** with integrated **AUDIO CONTROLS** and **CRUISE CONTROL** at your fingertips.

FIRST-CLASS SAFETY

FROM BACK TO FRONT

After receiving a 5-star rating by ANCAP across the range and being recognised by The Australasian New Car Assessment Program (ANCAP), you know you're driving one of the safest SUVs around. The entire body is designed to be a high-tensile steel passenger safety cell. The side-intrusion bars and comprehensive crash avoidance electronics all attribute to the overall safety. A reverse-view camera is installed to help avoid tricky spots and act as your extra pair of eyes at any given moment.

Contributing to your safety is a 4-channel, 4-sensor Anti-Skid Brake System with Electronic Brakeforce Distribution (EBD), Emergency Brake-Assist (EBA) as well as Electronic Stability Control (ESC) with Hill-Start Assist (HSA), Hill Descent Control (HDC) and the Traction Control System.

ADDITIONAL PROTECTION AND PEACE OF MIND...

The optional rear park-assist audible sensors and 6 airbags (dual front, side and full-length curtain) increase your protection from every angle inside the SUV.

Externally, the **mu-X** has an impact absorption bonnet and a large chassis rail cross-section, providing effective energy absorption in the event of impact – increasing both vehicle and pedestrian protection.

ISUZU PEACE OF MIND...

WITH YOU, FOR THE LONG RUN

The **ISUZU mu-X** comes with the Isuzu Complete Care Package that provides you with a 5 years / 120 000 km Warranty and Roadside Assistance – proving that this vehicle is supported in more ways than one. A 5 years / 90 000 km Service Plan is standard and Service Intervals are 15 000 km.
