AS BALANCED AS IT IS BEAUTIFUL

Strong, progressive shoulder lines. A wider front profile. Distinctive all-new aero optimised front bumper. New air intakes, foil-tipped grille and striking double 'J' blade headlights. It's clear that XF has been designed like no other. And is composed like no other.

Vehicles shown are from the Jaguar global range. Specifications, options and availability may vary between markets and should be verified with your local Jaguar Retailer. CO₂ and fuel economy figures may vary according to wheel fitment and optional extras fitted.

Features and their availability may differ by vehicle specification and market. Please refer to the Specification and Price Guide for details or contact your local Jaguar Retailer for more information.

YOU CAN TELL IT’S AN XF, EVEN IN THE DARK.

XF’s sleek, low profile headlights are a Jaguar signature. Up close, you’ll notice the intricate, laser-etched monogram detailing, with Animated Directional Indicators* sweeping across. From a distance, the illuminated double ‘J’ blades add to the car’s undoubted presence. Even in the darkest of nights.

NO ORDINARY LOOKS. NO ORDINARY CAR

There's real purpose in XF's design. The new air intakes and mesh grille add greatly to its poise and presence. Its power vents continue that, featuring embossed Jaguar leapers, a nod to our heritage. The overall impression is a design that delights and one that never fails to leave behind the ordinary.

NEW DETAILS HELP DEFINE NEW XF

XF is just as beautiful from behind as it is from every other angle. A new aero-optimised bumper and signature LED tail lights wrap around its corners, emphasising the powerful shoulder line that runs beneath the rear windows.

OUR JAGUAR VALUES.”**

“Inside the all new XF beholds a truly eye-opening transformation. An interior epitomising a new luxury, fresh contemporary design and very latest in connected technology. Tactile driver controls reaffirm our performance DNA while signature pieces of craftsmanship reimagine our Jaguar values in a modern context.

Jaguar is proudly back where we belong –
beautiful interiors, lovingly crafted.”

WELCOME TO A SOPHISTICATED NEW WORLD. YOURS.

Inside XF, you're presented with an entirely new experience that is quite simply breathtaking. The harmonious interior contours flow effortlessly around the space. New seats, sumptuous materials, attention to such details as the leather-wrapped centre console and instrument panel set the tone. You're in a truly refined, welcoming and contemporary space. Just step inside. Settle in. And simply relax.

WHAT SETS IT APART? EVERYTHING

Within XF's driver-focused cabin, every millimetre enhances XF's premium aesthetic where functionality, beauty and tactile materials are evident throughout. Metallic interior finishers and the all-new Drive Selector, with cricket ball stitching, add to the undoubted allure.

Then, there's the technology. Sitting harmoniously in the fascia, a curved 11.4" high-definition Touchscreen together with Head-up Display* not only looks superb, but also adds immensely to the drive.

*Optional feature.

All in-car features should be used by drivers only when safe for them to do so. Drivers must ensure they are in full control of the vehicle at all times.

AFTER WE FINESSE THE DETAILS, WE FINESSE THE DETAILS.

Taking inspiration from our past, our signature monogram pattern shapes the luxurious perforated fabric on the front seats, as well as being etched into the digital rotary dials on the centre console. It's an instantly recognisable, bespoke level of craft that can only be found in a Jaguar.

SETTLE BACK. YOU'RE IN A WORLD OF YOUR OWN.

XF's flowing contours are crafted in your choice of premium materials, then finished in a lighter, richer tone or a darker, contrasting palette, depending on how you wish to accentuate the interior. An embossed Jaguar leaper adds a lavish touch to the headrests, whilst massage seating* and the glow of the ambient lighting indulge you with a sense of calm.

THREE THRILLING DRIVES FROM ONE THRILLING CAR

XF has several modes to choose from: Sport, Dynamic and Rain, Ice, Snow. The latter is the ideal configuration for bad weather due to its torque delivery control. Sport delivers higher revs and delayed shifts, whilst Dynamic Mode elevates performance, and readies you for an all-round more engaging drive. Selecting this mode also engulfs the cabin with a theatrical red glow from the ambient lighting.

PERFECT FOR DRIVING IN THE REAL WORLD

Adaptive Dynamics* modifies XF’s response to match the conditions and your driving style. It does this by rapidly analysing acceleration, cornering, braking, and body movement, to then adjust the suspension damper settings to the most optimal balance between comfort and control. So the drive stays true, wherever the road takes you.

*Linked feature.

PERFECT FOR LIFE'S TWISTS AND TURNS

When you enter a tight, challenging bend, XF's Torque Vectoring by Braking makes the difference. It uses the braking system to adjust the delivery of power to each of the rear wheels, boosting the vehicle's handling. Together with Dynamic Stability Control, it corrects understeer when cornering and helps ensure that your vehicle precisely follows your chosen path. Even in challenging weather conditions.

ALL-WHEEL, ALL-WEATHER

Jaguar AWD with Intelligent Driveline Dynamics is unique among All Wheel Drive systems, because it is predictive. So it will detect a slippery surface before you do. If it thinks that you're about to lose grip, it shifts the torque to the wheels that have better traction to maintain control and composure. It's perfect on wet or muddy roads and at keeping you moving in snowy conditions.

Specialist snow and ice skills training, Jaguar dedicated off-road facility.

A FULLY CONNECTED JOURNEY

SIMPLICITY AS STANDARD

No more endless menus. No more fidgety commands. Pivi Pro, Jaguar's impressive and seamless in-car infotainment system, enables you to do 80 percent of your usual tasks with just one or two taps. All on the home screen. Engineered around a smartphone-like interface, it features an intuitive 11.4" Touchscreen that allows you to go right to what's needed, when you need it. Voice control reacts to a simple wake up phrase such as 'Hey Jaguar'. Plus, you can even connect your smartphone and enjoy your favourite compatible apps*.

PREMIUM FUNCTIONALITY

With Pivi Pro you'll enjoy fast start-up and even greater connectivity. With the Remote App² as standard, your XF is always in the palm of your hand. Preset your navigation, confirm your vehicle's location, check fuel levels and set the interior temperature - all before you've opened the car door. Along the way, intelligent re-routing can find you the best path to take, as well as café locations and traffic hotspots. Intelligent and intuitive, it also learns your regular and favourite routes, so that Smart Voice Guidance can make sure your song won't be interrupted with unnecessary instructions. A 12.3" Interactive Driver's Display is optional, as is a Head-up Display, which projects key information onto the windscreen in your line of sight, so you can focus on the road ahead.

¹Connected Navigation will require further subscription after the initial term advised by your Jaguar Retailer.
²Remote contains subscription services that can be extended after the initial term advised by your Jaguar Retailer. The Remote App will need to be downloaded from the Apple App Store/Google Play Store.

HOW DOES MUSIC MAKE YOU FEEL?

Music has the power to change your mood, evoke memories and affect your wellbeing. It can give you tingles or make you cry. It's why music and cars go so well together. Sitting behind the wheel, listening to your favourite artist, band or composer. It's your space. Your world. But what if you could do more than simply listen to the music? What if you could feel it, experience it, immerse yourself in it? What if you could make more of a connection with the music and enjoy a greater sense of acoustic involvement in your Jaguar?

British-based Meridian™ Audio are all about the musical experience – the very sense of being there. Their award-winning, precision-engineered audio systems are built on a lifetime of research into psychoacoustics (the science of how the human brain perceives sound) to deliver a performance that is so true to life, you feel every beat, every breath.

Meridian is a registered trademark of Meridian Audio Ltd. Trifield and the “three fields” device is a trademark of Trifield Productions Ltd.

FEEL THE MUSIC WITH MERIDIAN™

Meridian’s approach to in-car audio is all about managing the sound stage; intensifying the levels of depth, clarity and realism of the music, by using a combination of advanced acoustic technology and strategically positioned speakers.

Wherever you sit in the car, you’ll get the same concert-quality sound. Each strike of the piano, every guitar pick, horn blast, chorus and melody reveals itself with precision and texture, just as the artist intended. It’s intimate, dramatic and atmospheric – whether you’re enjoying the twists and turns of an open road or stuck in rush-hour traffic.

EXPLORE DRIVER ASSISTANCE

BLIND SPOT ASSIST PACK

To take the stress out of, say, motorway driving, our optional Blind Spot Assist Pack* includes Blind Spot Assist and Rear Traffic Monitor for added safety when changing lanes, and Clear Exit Monitor to help passengers stay safe as they exit the vehicle.

DRIVER ASSIST PACK

Driver Assist Pack contains Rear Collision Monitor and Adaptive Cruise Control which helps make motorway driving and heavy traffic situations even easier and more comfortable. It achieves this by gently assisting with acceleration and braking to maintain a set distance from vehicles ahead. Driver Assist Pack also includes the features of Blind Spot Assist Pack.

*Linked feature. Blind Spot Assist can help prevent collisions. If your vehicle detects another car in your blind spot when you begin to change lanes, additional steering correction encourages you to guide your vehicle away if a potential collision is detected.

FEATURE SHOWN: ADAPTIVE CRUISE CONTROL

EVERYONE CAN SEE THEY'RE SMART. EVEN ONCOMING TRAFFIC

Premium LED headlights with signature DRL are fitted as standard, with the option to choose Auto High Beam Assist technology and front Animated Directional Indicators. The headlights produce a colour of light that is close to daylight, helping your eyes distinguish objects more easily and help reduce driver fatigue.

*Linked feature.

Optional Pixel LED headlights* with signature DRL feature our most intelligent technology yet to provide even greater visibility. The Adaptive Front-lighting System optimises the beam according to your speed, location and current weather conditions. Additionally, the Adaptive Driving Beam automatically splits the main pool of light to help avoid dazzling oncoming drivers.
