# INTRODUCING THE NEW MAZDA CX-60

Mazda South Africa is proud to introduce the all-new Mazda CX-60, a powerful expansion on our SUV range. It perfectly showcases our passion for combining human-centric technology with the finest Japanese craftsmanship.

## READY TO DRIVE A CAR THAT INTUITIVELY FLOWS WITH YOUR EVERY MOVE

We're proud to introduce the all-new Mazda CX-60, which represents everything that Mazda has built into its DNA over the last 100 years, from outstanding exterior and interior design, the finest Japanese craftsmanship, to the latest innovations in human-centric technologies, and world-leading powertrains.

### **INSPIRED BY THE ULTIMATE FORM OF BEAUTY AND DESIGN PRINCIPLES**

KODO 'Soul of Motion' design: Mazda design is obsessed with the ultimate form of beauty — the artistic forms that can only be shaped by the power and precision of human hands.

JINBA ITTAI: Human Centric approach: when driving a Mazda it must feel like a natural extension of your being.

Japanese Craftsmanship: Passionate about detail, we take pride in our experience that is proven and uniquely Mazda.

Engineering a feeling: We ensure the harmonious interaction of all parts to give our vehicles a natural drive.

The all-new CX-60 showcases why this brand is 'Made with Soul'.

Mazda's famous sleek design language gives the CX-60 an edgy and stylish road presence, while the interior layout is created with the driver in mind.

Instead of forcing humans to adapt to cars, we design cars adapted to humans. We call this human-centric engineering.

The result is a car that responds precisely, almost intuitively, giving you the confidence of being in control and the exhilaration of effortless driving.

The CX-60 is the apex of Mazda's many years of experience and offers the perfect balance between beauty, performance, and functionality. In 2020 Mazda Motor Corporation celebrated its 100th anniversary and with the new CX-60 it's easy to see why the brand appeals to so many customers around the world.

# 2.5 L INDIVIDUAL AUTO AWD

2.5 Litre in-line 4 cylinder 16 valve  
DOHC S-VT (SKYACTIV-G) petrol with i-stop

# 2.5 L INDIVIDUAL AUTO FEATURES

- 12-Inch Center Display Screen
- 12 Speakers
- 360° View Monitor + See-through-view
- Adaptive LED Headlamps (ALH)
- Blind Spot Monitoring (BSM)
- BOSE® Sound system
- Daytime Running Lamps (DRL)
- Distance & Speed Alert (DAS): Display Only
- Drive Selection: Off-Road
- Drive Selection: Towing Mode
- Driver Monitor (DM)
- Forward Sensing Camera (FSC)
- Front Combination Signature Illumi
- Front Direction Base Safety
  - a. Lane Keep Assist System (LAS)
  - b. Lane Departure Warning System (LDWS)
  - c. Advanced Smart City Brake Assist (SCBS)
- Front Radar
- Front Side radar
- Grille: Piano Black Bar Type
- Integrated Navigation
- Intersection Brake Support: Front Cross Traffic Alert (FCTA)
- Hands Free Liftgate
- Hill Decent Control (HDC)
- Mazda Radar Cruise Control (MRCC)
- Mode
  - Passive Collision Signal: Hazard & Brake
  - Personalise System: Entry + Guide
  - Rear Combination Signature Illumi
  - Rear Cross Traffic Alert (RCTA)
  - Rear Direction Base Safety
  - Rear Side Radar
  - Smart Brake Support (SBS)

# 2.5 L INDIVIDUAL AUTO AWD FEATURES

## PERSONALISE SYSTEM: ENTRY + GUIDE (D&P)

This system will automatically adjust the driver's seat, steering wheel, HUD position and exterior mirrors based on body height and eye position. You no longer need to do this yourself; this is made possible by making use of a facial recognition camera.

That camera is also used to recognize the driver when entering the car again, the vehicle then knows how to make the right adjustments for that particular driver.

Easy entry and exit by moving the seat backward and the steering wheel forward when entering or exiting the vehicle. Together with the personalisation settings, ADAS settings that the driver has made in Mazda connect are stored when the power switch is switched OFF.

## MI (MAZDA INTELLIGENT) -DRIVE

Different driving circumstances demand for different vehicle reactions. Earlier the sports mode was introduced to change the vehicles reaction to the accelerator pedal by reducing the pedal stroke to achieve full throttle and postpone gear changes to allow higher rpm's. No matter what the conditions are the CX-60 will have optimal grip, performance, road stability offering the highest level of safety.

Mi-Drive still controls gear change and pedal reaction but in addition it also controls the i-ACTIV AWD system and the Dynamic Stability Control. It leads to a vehicle that not only provides proper reaction during sporty driving but also during off road driving.

## 360° VIEW MONITOR + SEE-THROUGH-VIEW

Mazda's 360 View Monitor uses a four camera system that covers all sides of the vehicle to display a bird's-eye view of the car from above on the center display, as well as a choice of front, rear and left or right side views. The Mazda CX-60 adds See-Through View as a further evolution of the 360° View Monitor functionality.

It displays an image on the screen that seemingly allows the driver to see through the front and rear corners of the car from their viewpoint, making it easier to spot objects obscured by the vehicle's bodywork. This helps the driver remain fully aware of surrounding conditions when driving slowly in tight spaces such as parking lots and narrow alleys.

## PANORAMIC ROOF

The 950 mm (W) x 1,021 mm (L) panoramic roof and its peripheral partswere meticulously designed to allocate as much surface area to the window as possible to increase the field of view and light range for passengers in the rear seats.

The outstanding visibility and brightness of the panoramic roof offers not only the driver, but all occupants, a more enjoyable, fun drive.

# 2.5L INDIVIDUAL AUTO AWD FEATURES

## MAZDA RADAR CRUISE CONTROL (MRCC)

Mazda Radar Cruise Control (MRCC) uses a millimeter wave radar to judge the relative speed and distance to the car ahead and automatically controls vehicle speed.

The Speed Limit Assist system now allows the driver to set the MRCC vehicle speed to the speed sign value recognized by the forward sensing camera and map\* information to the MRCC.

## BAR TYPE GRILLE

The CX-60 features a front grille with an adjusted aspect ratio that shows off the height of the grille more than other Mazdas. This acts to balance the look of the grille with the confident overall face expression. We also built illumination functionality into the signature wing to accentuate the powerful look of the grille even more. Unlike previous models, the CX-60 headlamp arrangement features vertically stacked lamps to

create a new, rich expression that conveys the strength of an SUV. The lighting signature is L-shaped to enhance its symbolism, and its presence still expresses the eyes that look straight ahead. The expression of the eyes looking backwards are L-shaped to enhance its symbolism just like the headlights and the widely spread consecutive horizontal lighting signature expresses that its class above vehicle.

## 12" TFT METER DISPLAY

The second part of the Human machine interface (HMI), is the increased size of the instrument cluster TFT screen from 7" to a full LCD 12.3" display. As well as being compatible with Driving Assist Mode and safety warning display, the full LCD instrument cluster also works with our Driver Personalisation System, which optimizes display visibility for individual drivers.

In addition, the instrument cluster is programmed with a dramatic opening effect and dramatic effects for each of the Mazda Intelligent Drive Select (Mi-Drive) modes - sports, normal, towing and off road.

This contributes to enhanced visibility and a driving environment that is safer and more stress-free, as well as helping drivers immerse themselves more in the drive by making the experience more enjoyable and exciting.

## HANDS-FREE LIFTGATE

To open your liftgate, move your leg back and forth under the center of the rear number below your license plate. Then step back to give the gate space to open.

Alternatively, you can use the button (which is used for the Power Liftgate feature- Dynamic grade) if you are unable/ it is inconvenient at that point to wave your foot.

## 2.5L INDIVIDUAL AUTO AWD FEATURES

### BOSE AND MAZDA'S SUPREME SOUND SYSTEM

Bose sound system is packed with high- performance speakers and cutting-edge technology, intended to lift you straight out of the car and into a live concert.

You can enjoy listening to music that sounds exactly as it was intended by its creators.

Why you may ask, well we moved the woofers from the front doors to the sides of the front cowl, which had never been done before.

### MAZDA CONNECT WITH ANDROID AUTO AND WIRELESS APPLE CARPLAY

The Mazda CX-60 features the latest version of Mazda Connect, which includes enhancements such as a quicker start up, improved image and sound quality, and a free word search function that lets users search for destinations by entering a combination of keywords.

The system supports Android Auto™ and wireless Apple CarPlay®, to ensure a convenient user experience with smart phone integration.

## 2.5L DYNAMIC AUTO 2WD

2.5 Litre in-line 4 cylinder 16 valve  
DOHC S-VT (SKYACTIV-G) petrol with i-stop

## 2.5L DYNAMIC AUTO FEATURES

- 8 Speakers
- 10-Inch Center Display Screen
- Grille: Black Honey Comb
- Passive Collision Signal: Hazard
- Power liftgate
- Reverse Camera

# 2.5 L DYNAMIC AUTO 2WD FEATURES

## 8-SPEED AUTOMATIC TRANSMISSION

In search of smooth transition between gears the full automatic transmission has always been in favour.

Thanks to the absence of a torque converter the automatic gearbox of the CX-60 gives the driver the feeling of having a manual transmission but with the comfort of an automatic transmission.

## LARGER HEADS-UP DISPLAY (HUD)

As part of the Human machine interface (HMI), The Mazda CX-60 is equipped with a 10° x 3° heads up display (HUD)—approximately three times larger than that of our 7G small vehicles.

The HUD offers drivers more peace of mind while on the road by reducing unnecessary changes to the driver's line of sight.

## PASSENGER SPACE

The CX-60 cabin has ample width, securing 1,504 mm of shoulder room in the front seats (44 mm more than the CX-5) and 1,441 mm in the rear seats (50 mm more than the CX-5).

## SEATING

The seat back of the CX-60 seat supports more in the lower half of the driver, which enables a driver feel the vehicle's movement better, comparing to the other models whose seat back supports whole back of a driver rather evenly.

Results in:

- Less fatigue due to a natural seating position

- Improved safety because pedals can be found intuitively
- More convenient steering wheel adjustment thanks to electric motors
- Electric steering wheel adjustment allows for the steering wheel to be part of easy entry system
- Human Centric development results in receiving vehicle feedback in the most natural way

## 2.5 L DYNAMIC AUTO 2WD FEATURES

### 20" ALLOY WHEELS

Unlike other competitors, 20-inch wheels are coming standard on both derivatives at no additional cost or later fitment.

### SAFETY

The CX-60 features even more advanced safety technologies that not only protect the driver and their passengers, but also protect others using the road by minimizing the risk of all kinds of accidents.

### MAZDA CONNECT WITH ANDROID AUTO AND WIRELESS APPLE CARPLAY

The Mazda CX-60 features the latest version of Mazda Connect, which includes enhancements such as a quicker start up, improved image and sound quality, and a free word search function that lets users search for destinations by entering a combination of keywords.

The system supports Android Auto™ and wireless Apple CarPlay®, to ensure a convenient user experience with smart phone integration.

## 5-YEAR MAZDA UNLIMITED KILOMETRE WARRANTY

Every Mazda is designed and built to the highest standards of performance and reliability. For reassurance, our Mazda vehicles are backed up by a 5-year Unlimited Kilometre Factory Warranty.

## 5-YEAR MAZDA UNLIMITED KILOMETRE SERVICE PLAN

Mazda has designed a service plan to suit your needs. It covers scheduled services for 5-years, regardless of your mileage. The service plan operates alongside the Mazda Unlimited Kilometre Warranty.

## 3-YEAR MAZDA ROADSIDE ASSISTANCE

Mazda cares about your peace of mind. That’s why we offer a 3-year Unlimited Roadside Assistance Plan. It includes toll-free calls and services such as emergency medical help and free towing rescue due to minor or major mishaps.

### SERVICE INSPECTION SYMBOLS

I - Inspect  
R - Replace  
C - Clean  
S - Set  
T - Tighten

### REMARKS

\*(1) - Implement fuel injection amount correction.

\*(2) - Also inspect all auxiliary belts, if installed. If the vehicle is operated primarily under the following conditions, inspect the drive belts and auxiliary belts more often than recommended (Servicing Dealer to advise customer accordingly).  
a) Driving in dusty conditions or in a mining area.  
b) Extended periods of idling continuous low-speed operation.  
c) Short distance driving.  
d) Operating the vehicle in extreme cold or hot conditions for long periods.  
e) Driving the vehicle in mountainous conditions for long periods.

\*(3) - If the vehicle is operated primarily under the following conditions, inspect the drive belts and auxiliary belts more often than recommended (Servicing Dealer to advise customer accordingly).  
a) Driving in dusty conditions or in a mining area.  
b) Extended periods of idling or continuous low-speed operation.  
c) Short distance driving.  
d) Operating the vehicle in extreme cold or hot conditions for long periods.  
e) Driving the vehicle in mountainous conditions for long periods.

\*(4) - Use only manufacturer-specified coolant.

\*(5) - If the vehicle is operated in dusty or sandy areas, the filters must be inspected, cleaned or replaced more regularly (Servicing Dealer to advise customer accordingly).

\*(6) - If operating the vehicle in extreme cold or heat, inspect electrolyte and specific gravity more regularly (Servicing Dealer to advise customer accordingly).

\*(7) - Replace the brake fluid more regularly if the vehicle is continuously loaded, driven in mountainous conditions, exposed to hard driving conditions or operated in humid conditions.

\*(8) - If the vehicle is subjected to the following conditions, the differential oil need to be replaced at 60 000 km.  
a) Towing.  
b) Driving in dusty conditions or in a mining area.  
c) Short distance driving.  
d) Operating the vehicle loaded continuously.  
e) Driving the vehicle in mountainous conditions for long periods.

\*(9) - Replace if the component or vehicle was submerged.

\*(10) - Perform wheel alignment more regularly if the vehicle is used on rougher road surfaces, driven off-road or on dirt roads (Servicing Dealer to advise customer accordingly).
