/ AUTHENTIC MASTERPIECE /

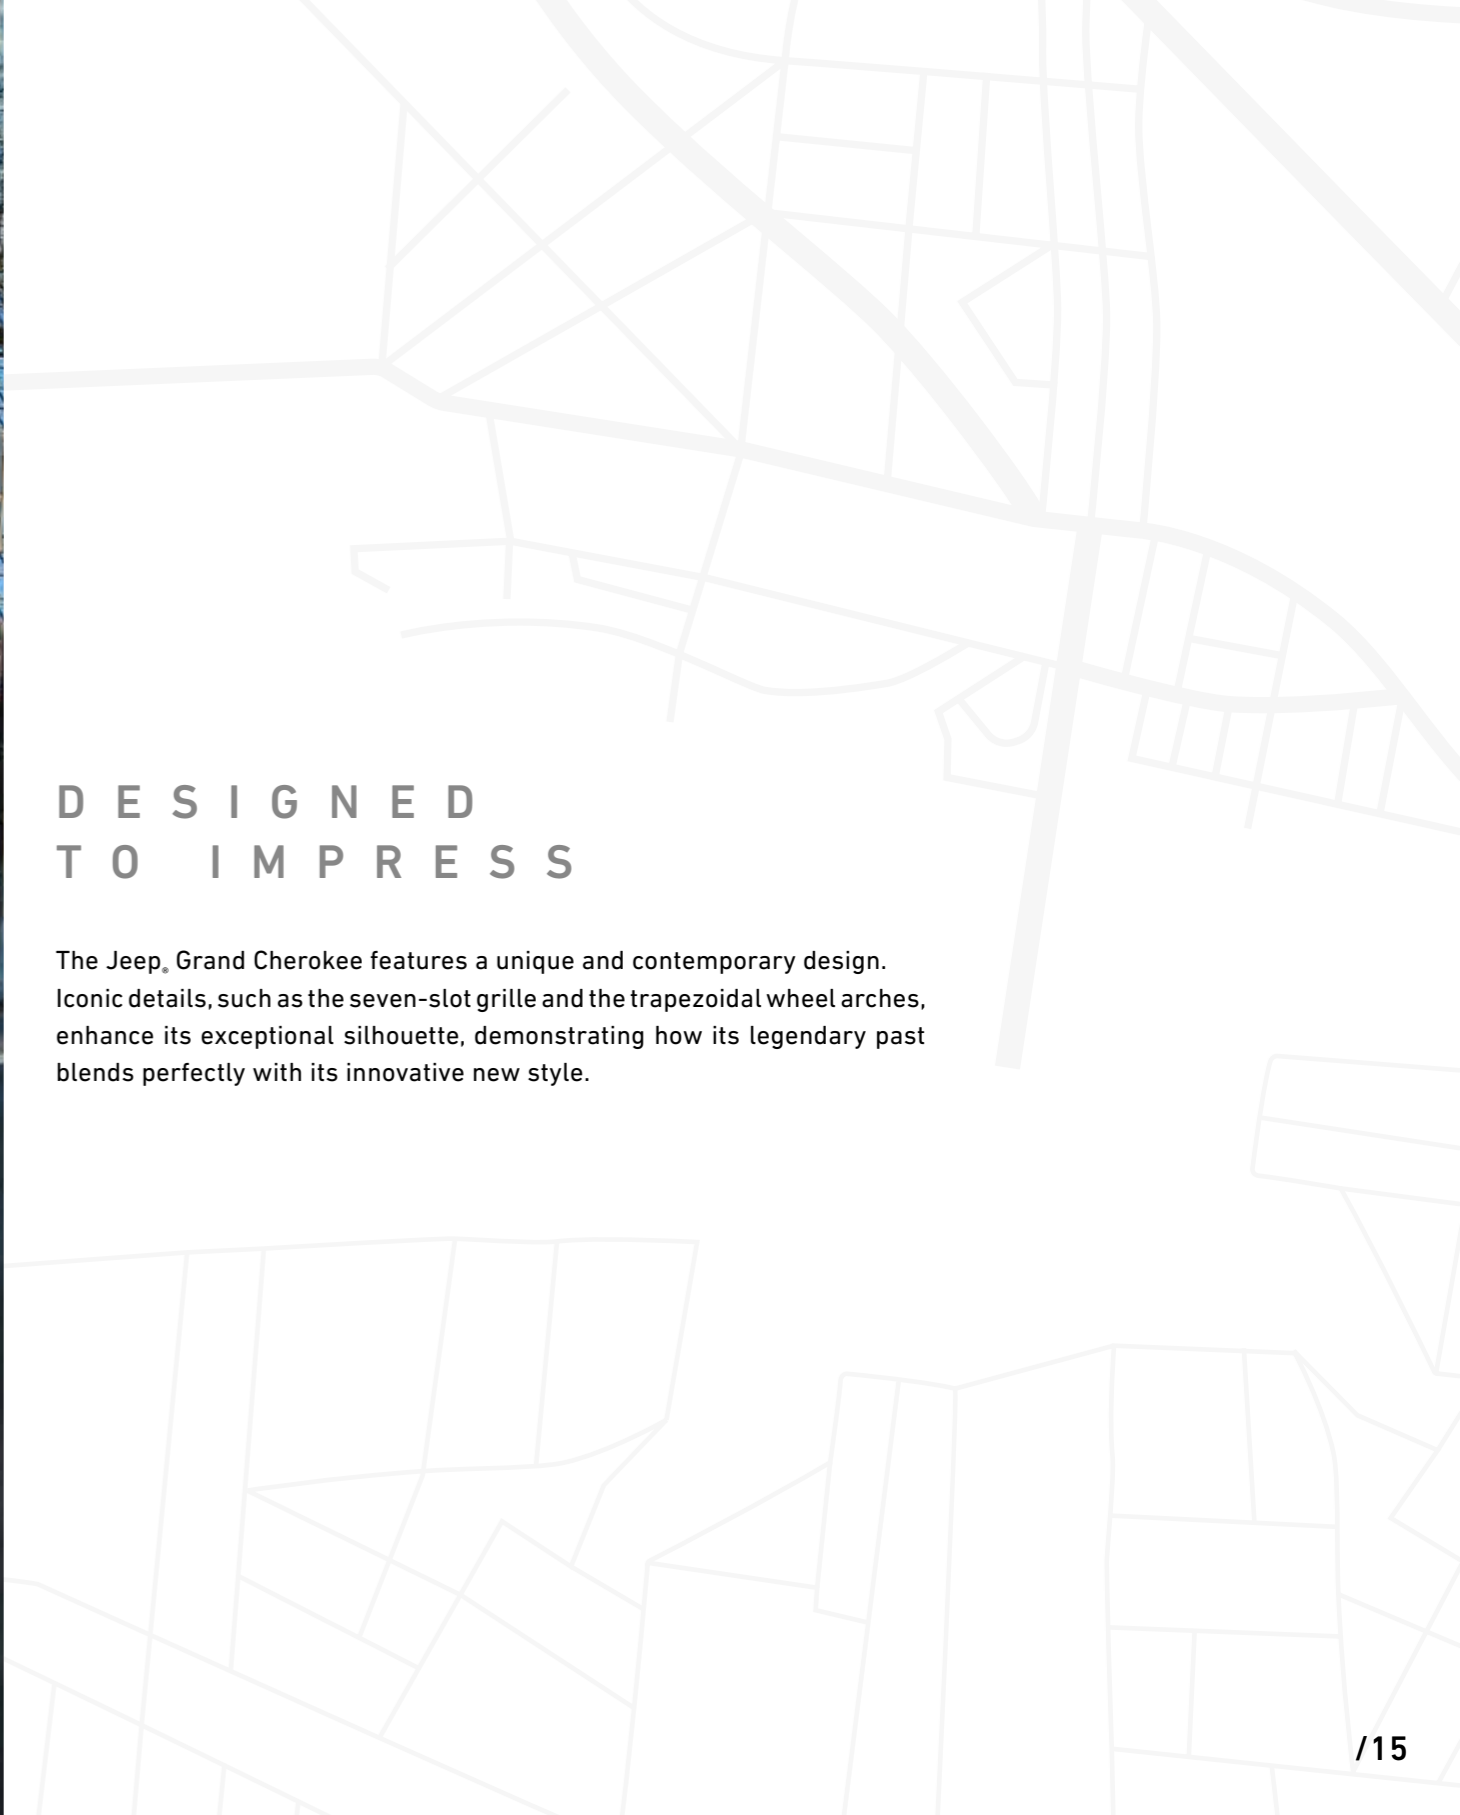

When the best materials achieve
perfect harmony.

From the Laredo to the superior refinement of the Overland elegance and functionality are perfectly balanced: the Jeep® Grand Cherokee comes with a wide range of hand crafted and exclusive interior options, like leather wrapped seats and dashboards, open pore wood appliqué, real metal accents, new radio with bonded glass and piano black surround, which highlight its excellence and improve the overall driving experience.

DESIGNED
TO IMPRESS

The Jeep Grand Cherokee features a unique and contemporary design. Iconic details, such as the seven-slot grille and the trapezoidal wheel arches, enhance its exceptional silhouette, demonstrating how its legendary past blends perfectly with its innovative new style.

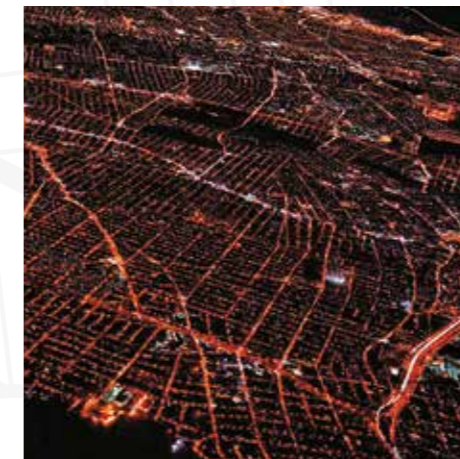

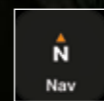

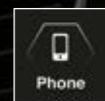

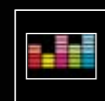

Uconnect™

CONNECT YOUR WORLD

/ MAKE LIFE EASIER AT JUST ONE TOUCH /

androidauto

The Jeep® Grand Cherokee is equipped with the latest version of Uconnect™ 8.4" HD Nav LIVE that features higher resolution, pinch-and-zoom capability, voice command and the convenience of connecting directly with your smartphone.

Apple CarPlay enables iPhone users to access Apple Maps, messages, phone and Apple Music through Siri voice control or Uconnect™ touchscreen. Android Auto™ enables easy and safe access to handsfree voice control, Google Maps and Google Play Music via Uconnect™ touchscreen or steering-wheel controls.*

* Android, Android Auto™, Google Play and other marks are trademarks of Google LLC. To use Android Auto™ on your phone screen, you'll need an Android™ phone running 5.0 (Lollipop) or higher and the Android Auto™ app.

AUTHENTIC JEEP® CAPABILITY

MEET EVERY CHALLENGE WITH CONFIDENCE,
POWER AND EFFICIENCY THANKS
TO THE LEGENDARY JEEP® BRAND DNA.

The Jeep Grand Cherokee comes with three different 4x4 traction systems, class-leading Selec-Terrain, the efficient 8-speed automatic transmission mated to the legendary 3.6L V6 Penta Star engine (210 kW @ 6350 rpm & 347 Nm @ 4300 rpm).

QUADRA-LIFT AIR SUSPENSION SYSTEM

/ QUADRA-TRAC II® 4X4

The Quadra-Trac II® 4x4 system features a two-speed transfer case that uses input from a variety of sensors in order to determine tire slip at the earliest possible moment and take corrective action. When tire slippage is detected, up to 100% of the available torque is instantly routed to the axle with the most traction.

*Subject to specific trims

/ QUADRA-DRIVE® II 4X4 WITH REAR ELSD

The definitive system for capability, the Quadra-Drive® II 4x4 system with rear Electronic Limited Slip Differential, delivers superior all-weather traction alongside the legendary Jeep, vehicle off-road capability.

*Subject to specific trims

/ QUADRA TRAC ACTIVE ON DEMAND 4WD

The 4x4 system features a massive mechanical “wet” clutch and Electronic Limited Slip Differential in the rear, which allows 100% of the available torque to be sent to one rear wheel. Managing of torque split and suspension damping is accomplished with a dial on the five-mode Selec-Track® system.

*Subject to specific trims

/ QUADRA-LIFT® AIR SUSPENSION SYSTEM

This revolutionary system gives total control over suspension by raising the vehicle’s ground clearance up to a maximum of 274 mm. It may be reduced by 25 mm for easy entry, exit and loading. The system will raise the vehicle from back to front to help keep headlights focused on the road.

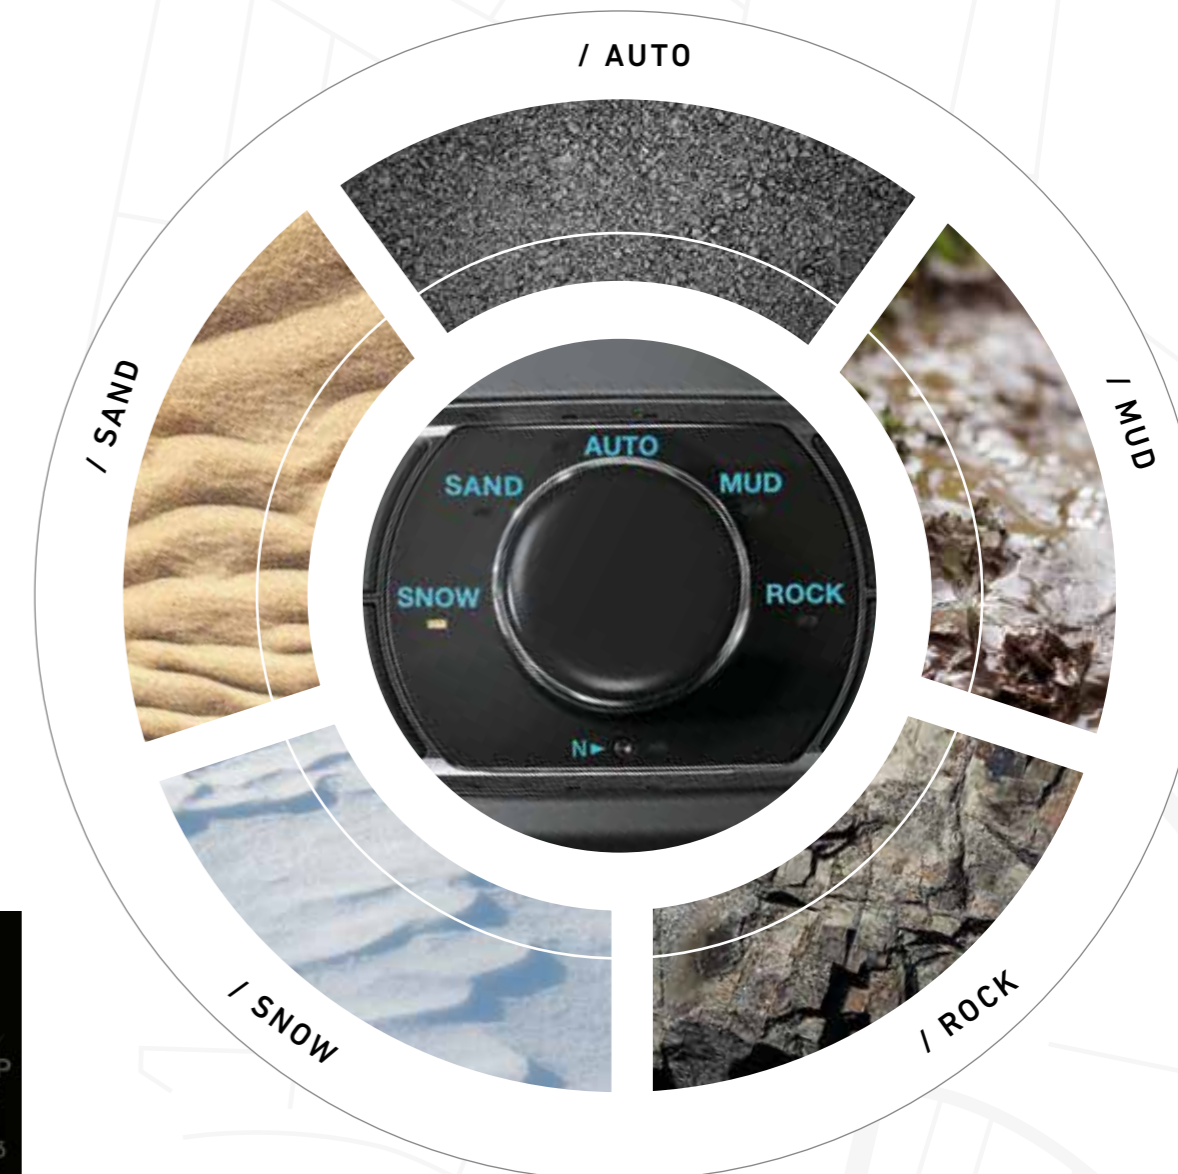

*Subject to specific trims

**DRIVEN BY
INTELLIGENT
CHOICES**

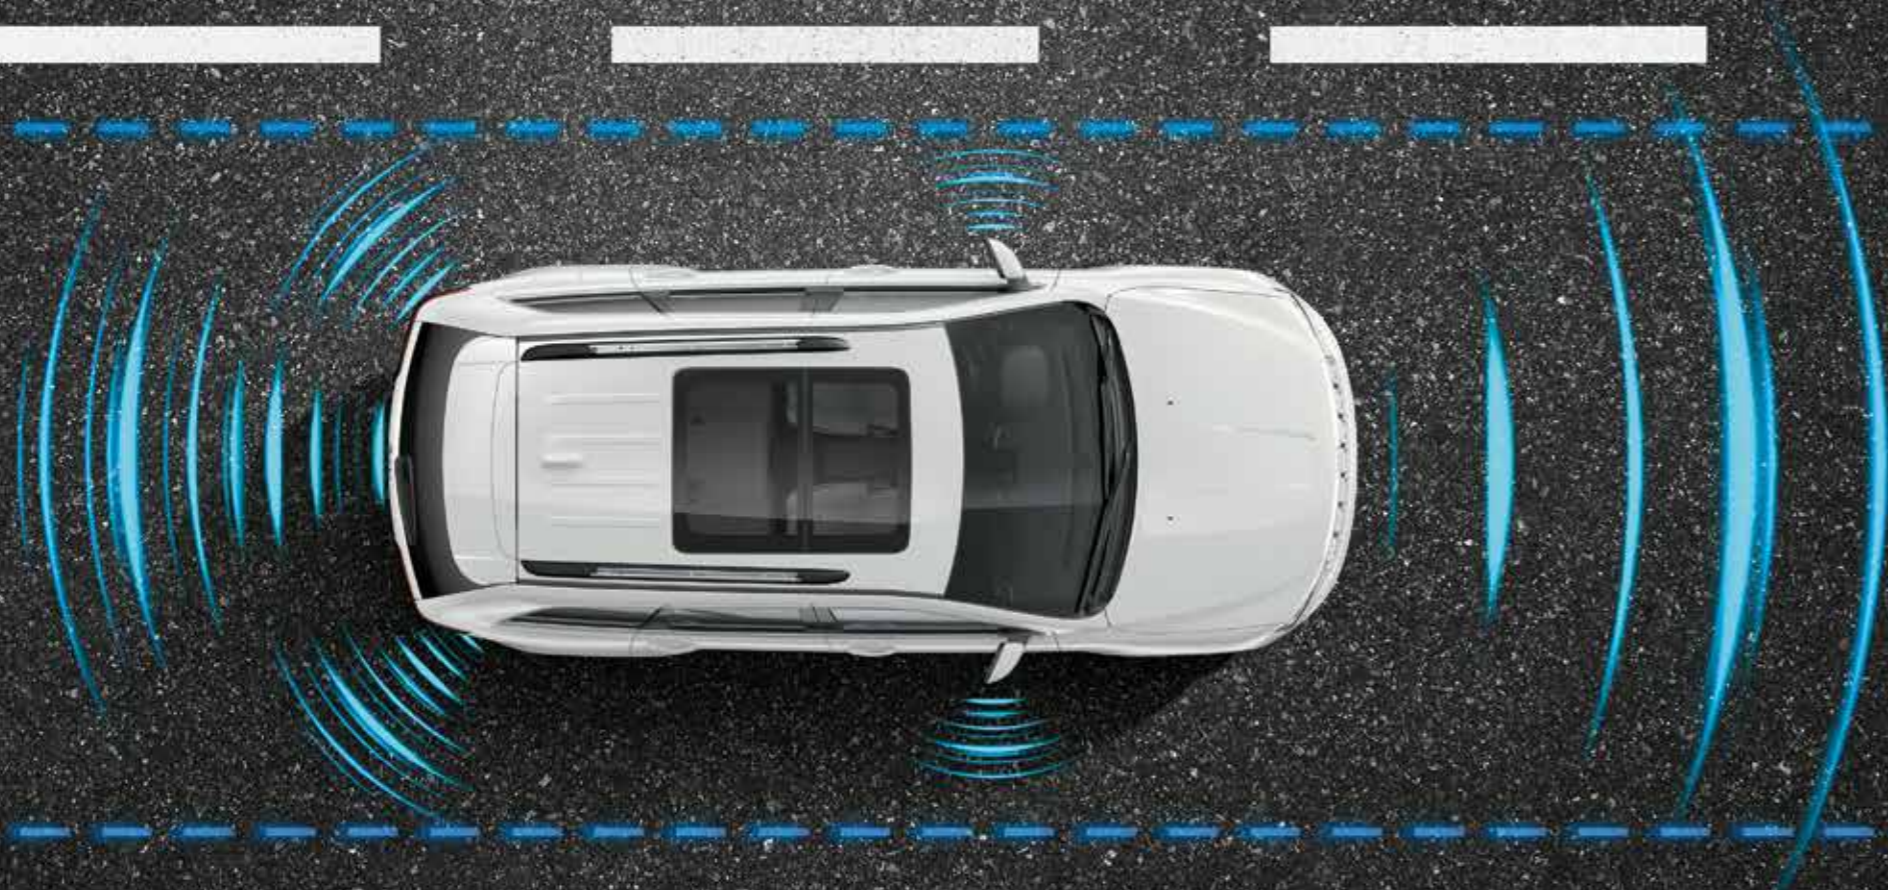

**/ SELEC-TERRAIN™
TRACTION SYSTEM**

The Selec-Terrain™ system adapts traction performance with the use of a dial allowing you to select between Snow, Sand, Auto, Mud and Rock settings. It gives ultimate driving confidence by co-ordinating 12 vehicle systems, including throttle control, transmission shifting, transfer case, traction control and Electronic Stability Control (ESC). Sport mode delivers a more aggressive traction performance and is activated through a one-touch button.

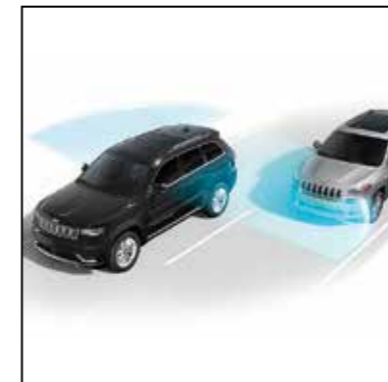

SENSORY SURROUND

/ IT KNOWS WHAT YOU NEED BEFORE YOU ASK /

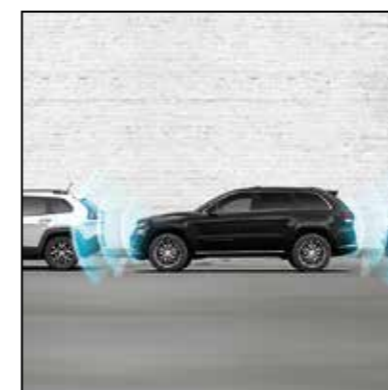

/ PARKVIEW® REAR BACK-UP CAMERA WITH TRAILER VIEW

This system helps bring previously hidden rear objects to your attention, either on-screen or with an audible warning, giving you plenty of time to react. You can also keep an eye on anything you're towing while in motion.

/ BLIND SPOT MONITORING AND REAR CROSS PATH DETECTION -

The space between the Jeep® Grand Cherokee and other vehicles is monitored when a side or rear blind spot is encroached on, illuminated icons on the wing mirrors or an audible chime are activated. Standard on the whole range.

/ PARKSENSE® FRONT AND REAR PARK ASSIST SYSTEM

Working in tandem with ParkView® Rear Back-Up Camera to show previously hidden objects, this optional brings them to your attention on screen and with an audible warning so you have time to react. When in Reverse, the on-screen image includes a dynamic distance grid to help gauge your rear perimeter.

/GRAND CHEROKEE LAREDO

The Grand Cherokee Laredo offers maximum functionality and comfort featuring cloth seats with matching stitching.

- MAIN EQUIPMENT:**
- 8-speed automatic transmission with steering wheel mounted controls

EXTREME OFFROAD

/ TOGETHER, WHEREVER /

Perfectly skilled to excel
on all terrains.

Discover the amazing thrill of a true off-road experience with
the most capable Jeep, Grand Cherokee ever: the Trailhawk.

Y E A R N F O R R E A L A D V E N T U R E

The Jeep® Grand Cherokee Trailhawk shows an aggressive appearance with intrinsic strength and superior off-road capabilities. The rugged character is enhanced by specific features such as the badges with red accents, a black anti-glare hood decal, mirror caps and a roof rack with neutral grey accents. The standard 18" Goodyear adventure off-road tires with Kevlar reinforcement, skid plates and Quadra Drive II 4x4 system let you drive wherever you desire.

THE JOURNEY CONTINUES INSIDE

Improve your personal adventure with Trailhawk's interior featuring distinctive leather and suede-trimmed performance seats, complete with suede bolsters to keep you firmly in place; in addition, striking red stitching enriches seats, console and doors. The doors and the console are both leather and suede wrapped, and the interior parts are finished with a brushed Piano Black applique and Gun Metal finish. The Trailhawk badge on the steering wheel completes the interior, and the 8.4" Uconnect™ touchscreen comes as standard with specific off-road pages showing the vehicle's 4x4 real time conditions.

SEEK OUT OFF-ROAD AND UNSEEN SIGHTS

The Jeep Grand Cherokee Trailhawk boasts an undisputed off-road capability with the Trail Rated badge, tested on some of the toughest trails on the planet, including Rubicon and the Moab Desert. To earn the Trail Rated® badge, it had to go through five different challenging tests: Traction, Maneuverability, Articulation, Water Fording and Ground Clearance. Traction tests its capability to climb the toughest terrains on earth. Maneuverability checks the ability to navigate narrow gaps, dodge emergency situations and avoid cosmetic damage, all thanks to precision steering and optimized wheelbases. Articulation measures how well a wheel can stay on the ground while maximizing traction when the other wheels are elevated due to obstacles. Suspension helps enhance off-road performance by maximizing flexibility, axle articulation and wheel travel. The Trailhawk shows additional electrical and body sealing along with high air intake to resist water and help you navigate streams and flooded underpasses (Water Fording). Finally, Ground Clearance is tested to ensure the capability necessary to overcome obstacles on your path.

/GRAND CHEROKEE TRAILHAWK

Inside Trailhawk's interior, leather and suede adorn the exceptionally cushioned sport seats. Red accent stitching adds distinction to seats, doors and console. Sophisticated Gun Metal finish graces the surrounds, the vents and the console point.

The specification (B) indicates the value of CO₂ and fuel consumption determined on the basis of the measurement / correlation method referring to the NEDC cycle as per Regulation (EU) 2017/1152-1153.

The CO₂ and fuel consumption values obtained according to applicable regulation are indicated in order to allow the comparison of vehicle data. The homologation values of CO₂ and fuel consumption may not reflect the actual values of CO₂ and fuel consumption, which depend on many factors related, by way of example but not limitation, to the driving style, the route, the weather and road conditions, the condition, use and equipment of the vehicle. The indicated value of CO₂ and fuel consumption refers to the versions of the vehicle with the highest and the lowest values. Those values may change with the subsequent configuration depending on equipment selected and/or size of tires selected.

The indicated values of CO₂ and fuel consumption are not definitive and may evolve as a result of changes in the production cycle; more up-to-date values will be available at the selected official dealer of the FCA network. In any case, the official values of CO₂ and fuel consumption of the vehicle purchased by the customer will be provided with the documents accompanying the vehicle. In cases where the values of CO₂ and fuel consumption are relevant for the purposes of calculating taxes and duties related to the vehicle, reference should be made to the applicable laws in each country.

*Power measured according to the ECE R85-00 regulation certified by Rijks Dienst Wegverkeer (RDW; Netherlands).
