TOUGH TIMES CALL FOR SINGLE- MINDEDNESS

THE HILUX SINGLE CAB WORKHORSE IS THE VERY DEFINITION OF "NEVER SAY DIE". A TRUE EMBODIMENT OF THE LEGENDARY TOUGHNESS YOU'VE COME TO EXPECT FROM A BAKKIE WEARING A HILUX BADGE. NOW MORE THAN EVER YOU NEED WHAT IT TAKES TO GET THE JOB DONE, AND YOU NEED A PARTNER YOU CAN RELY ON NO MATTER HOW DIFFICULT THE TASK. WITH A HILUX WORKHORSE BY YOUR SIDE YOU CAN GO OUT THERE, GET YOUR HANDS DIRTY AND SHOW THEM WHAT YOU'RE MADE OF. DISCOVER A WORLD WHERE YOU CAN TAKE BOTH THE GOOD AND THE BAD IN YOUR STRIDE AS YOU DISCOVER HOW TOUGHNESS AND CONQUERING ANY CHALLENGE IS JUST A WAY OF LIFE WITH THIS BEAST OF BURDEN.

MODEL SHOWN: HILUX 2.4GD-6 4x4 SR 6MT

BRING IT ON

SINCE ITS LOCAL INTRODUCTION IN 1969, THE HILUX HAS SERVED SOUTH AFRICANS THROUGH THE GOOD TIMES AND THE BAD. INNOVATIONS SUCH AS FOUR-WHEEL DRIVE, INTRODUCED IN 1981 AS THE FIRST FOR A VEHICLE OF ITS SORT IN THE COUNTRY, HAVE MADE THE HILUX SOUTH AFRICA'S FAVOURITE BAKKIE – FOR WORK, PLAY AND EVERYTHING IN BETWEEN.

Five decades and eight generations of Hilux later, the world's a different place. Never before has the world undergone such rapid, radical change as now, making all of us yearn for dependability, tenacity and safety.

And never before could you count as much on a bakkie as with the new Hilux Single Cab, designed for

multiple uses. It's available in 5- and 6-speed manual transmissions and 6-speed auto transmissions, with 13 Single Cab models to choose from, ranging from the practical workhorse to the sleek Raider models. Featuring fearless styling on the 2.0ℓ and 2.7ℓ petrol engines, enhancements to the 2.4ℓ engine and

improved power on its 2.8ℓ diesel engines, and the introduction of advanced safety interventions, this is the bakkie to command your own destiny and conquer a crisis. To seek adventure. To get the job done. To do what it takes. And to not just survive the world, but to thrive in it.

THE NEW HILUX RAIDER SINGLE CAB. TOUGH TIMES WILL ONLY MAKE US TOUGHER.

MODEL SHOWN: HILUX 2.4GD-6 4x4 SR 6MT

INNER STRENGTH FOR REACHING OUT

LEGENDARY TOUGHNESS REQUIRES LEGENDARY POWER. HELPING YOU WELCOME ANY CHALLENGE IS A RANGE OF PETROL AND TURBODIESEL ENGINES, FITTED WITH EITHER 5-SPEED OR 6-SPEED MANUAL OR 6-SPEED AUTOMATIC TRANSMISSIONS.

Enjoy pure power from a range of engine sizes such as the 2.0ℓ and 2.7ℓ petrol engines or the 2.4ℓ and 2.8ℓ diesel engines, and a choice of both 4x2 and 4x4 models.

The four-cylinder, 2.8ℓ turbodiesel engine has been upgraded to deliver 150 kW of power @ 3 000-3 400 r/min and 500 Nm of torque @ 1 600-2 800 r/min on the 6-speed automatic transmission models.

With peak torque nearly available from idle speeds, this engine delivers powerful acceleration and low fuel consumption, while maximising drivability for increased driving pleasure or trailer-towing ease.

A super-economical four-cylinder, 2.4ℓ turbodiesel engine producing 110 kW @ 3 400 r/min and maximum torque of 400 Nm @ 1 600-2 000 r/min and the 2.4ℓ 5 grade models offering 343 Nm @ 1 400-2 800 r/min are also available.

The 2.0ℓ VVTi petrol engine produces an impressive 102 kW @ 5 600 r/min and maximum torque of 183 Nm @ 4 000 r/min.

The 2.7ℓ VVTi petrol engine gives you 122 kW @ 5 200 r/min and maximum torque of 245 Nm @ 4 000 r/min.

Ready to take on the biggest loads and the roughest roads, the Single Cab is fitted with double wishbone front suspension and ultra-strong load-ready leaf springs at the rear. The suspension has been enhanced to absorb vibrations and reduce shock transmitted into the cabin, and add an improved sense of comfort, feel and directness.

CAPABILITIES:

HILL-ASSIST CONTROL*

Prevents the vehicle from rolling back when pulling off from a sharp incline.

RANGE SELECTOR DIAL*

Simply turn the dial on the electronic transfer switch on the centre console to easily swap between 4WD, 4WD LOW and 2WD.

LIMITED SLIP DIFFERENTIAL (LSD)*

Aims to ensure maximum available traction during wheelspin situations by transmitting power to the tyre with the most grip. This will assist the driver in traversing mud and other soft surfaces; and provides better control during extreme cornering.

TRAILER SWAY CONTROL*

With an incredible braked towing capacity of up to 3.5 tonnes*, Trailer Sway Control (TSC) keeps you and your trailer safe by minimising lateral movement from cross winds and road surface changes.

**Available on selected models*

BLACK FRONT BUMPER*

17" STEEL WHEELS*

SHOW THEM WHAT YOU'RE MADE OF

MODEL SHOWN: Hilux 2.8 GD-6 Raised Body Raider 6AT

NOTHING SHOUTS "BRING IT ON" LIKE A BOLDLY STYLED BAKKIE. BRINGING OUT THE BEST IN THE NEW MODELS – AND YOU – IS AN AGGRESSIVE EXTERIOR PACKAGE THAT CHALLENGES THE STATUS QUO.

That's why S and SR grade Hilux models keep on powering on, keeping frills to the minimum and delivery to the maximum. Be it on highways or gravel roads, standard equipped 17" steel wheels* and a specially designed ultra-tough moulded black front bumper with standard halogen fog lamps* keep the wheels of your industry turning. While the generously-sized loadbox, power side mirrors and LED brake light protect your investment.

**Available on selected models*

MODEL SHOWN: HILUX 2.4GD-6 4x4 SR 6MT

The upgraded styling on the Raider includes improvements to the engine hood, front bumper, lower guard and bumper corners supporting the protruding grille. The front bumper is colour-coded with a prominent horizontal axis extending across the headlamps and upper grille. And the front trapezoidal, thick frame grille is now a tougher-looking and enviable chrome and black.

THE 2.4 RAIDER MODELS HAVE 4-BULB HALOGEN HEADLAMPS AND THE 2.8 RAIDER MODELS ARE FULLY LED WITH DAYTIME RUNNING LIGHTS (DRL) AND LED FRONT FOG LAMPS.

Complementing the extra traction afforded by the new fitted-as-standard Limited Slip Differential (LSD), the Raider's footwear has also been upgraded to include an assertively styled new 17" alloy wheel design with a machine-finished deep spoke structure.

FEELING IN CONTROL

The S and SR models' PVC seat trim and the fabric trim on the Raider models echo their exterior fortitude through a combination of premium and purposeful finishes.

Tenacity meets tech inside the Raider through the fitment of front and rear Park Distance Control and cruise control, a day/night rear view mirror and a Multi-Information Display, which can be safely adjusted from the steering wheel-mounted controls.

The Raider's multimedia system is also linkable to smart devices through the Apple CarPlay* and Android Auto* functionality. When connected via USB*, both of these interfaces display the screen of the smartphone on the infotainment screen and link the phone's audio output to the vehicle's speakers.

And further convenience is added through the inclusion of manual air conditioning.*

All new Toyota vehicles now come fitted standard with a telematics device that opens up a whole new world of connected features. Upon

dealer activation and registration to the MyToyota App, an array of smart connectivity, safety, and convenience features are enabled through your smartphone.

CONNECT TO THE MYTOYOTA APP

The MyToyota App gives you more control of your driving experience by giving you access to a range of never-seen-before personalised offerings and real-time, customisable vehicle features, including on-board Wi-Fi**, roadside assistance, licence renewal and more.

**Available on selected models*

***25GB Free data once-off upon activation. Ts & Cs apply. Wi-Fi available in South Africa only.*

See the inside back cover for more information.

TOUGH ENOUGH TO CARE

EQUIPPED WITH A RANGE OF BRAKE CONTROL SYSTEMS TO HELP PREVENT ACCIDENTS AND EMERGENCIES AND MAXIMUM SAFETY TECHNOLOGY TO REDUCE INJURY IN THE EVENT OF A COLLISION, THE NEW HILUX INCLUDES A NUMBER OF RELIABLE SAFETY FEATURES:

BRAKE-ASSIST (BA)

Brake-Assist (BA) is the pre-emptive identification of an emergency braking situation through which additional braking force is automatically applied to reduce the braking distance.

ANTI-LOCK BRAKING SYSTEM (ABS)

ABS (Anti-lock Braking System) monitors the speed of each wheel to detect locking. When it detects sudden braking, it will release braking pressure for a moment and then provide optimum braking pressure to each wheel, enhancing steering control during sudden stops. As a result, it will also help improve the ability of stopping the vehicle.

ELECTRONIC BRAKE-FORCE DISTRIBUTION (EBD)

Takes the principle of ABS even further, by individually distributing braking force to each corner to allow for variances in weight distribution and tyre grip under braking to maximise stability, stopping distance and vehicle control.

VEHICLE-STABILITY CONTROL (VSC)*

Keeps you in control and the vehicle pointing straight when on slippery surfaces by individually applying braking to each tyre where necessary.

PARK DISTANCE CONTROL (PDC)*

Enjoy front and rear Park Distance Control (PDC)* for effortless parking. Each of the six sonar sensors located around the vehicle constantly scans for nearby stationary objects. When a nearby object is detected, a buzzer sounds inside the cabin as well as its proximity being displayed on the Multi-Information Display.

**Available on selected models*

MODEL SHOWN: HILUX 2.4GD-6 4x4 SR 6MT

ALL NEW HILUX MODELS ARE INSTALLED WITH ADVANCED SECURITY TECHNOLOGY

This includes remote wireless door locking and automatically locking doors upon pull-away at a certain speed, as well as an Automatic Light Control System* with a follow-me-home* feature. There is also an intrusion sensor, an independently powered alarm and immobiliser.

TOYOTA ENVIRONMENTAL CHALLENGE 2050

At Toyota, creating technologically advanced vehicles isn't our only priority; we're committed to lowering our environmental impact throughout our entire production process. How? By setting ourselves six challenges that will see us reach a truly world-changing goal: a positive environmental impact by 2050.

ZERO CO₂

CHALLENGE 1

NEW VEHICLE ZERO CO₂ EMISSIONS CHALLENGE

By owning a Toyota you would be contributing to the reduction of vehicle CO₂ emissions by 90% in 2050 as opposed to 2010. You will help us promote the development of next-generation vehicles and further accelerate the spread of these vehicles.

ZERO CO₂

CHALLENGE 3

PLANT ZERO CO₂ EMISSIONS CHALLENGE

You uphold the two main pillars of our strategy to achieve zero CO₂ emissions at our plants which are:

1. Developing and introducing low-CO₂ technologies with ongoing kaizen.
2. Adopting renewable energy sources and utilising hydrogen energy.

CHALLENGE 5

CHALLENGE OF ESTABLISHING A RECYCLING-BASED SOCIETY AND SYSTEMS

You have contributed to our 40 years on the challenge of resource recycling. Going forward, by rolling out to the world the technology and systems evolved in Japan, we will all continue working on the challenge of establishing a recycling-based society.

THE TOYOTA HILUX RANGE HAS BEEN MANUFACTURED TO MINIMISE ITS CARBON FOOTPRINT.

Guided by the goals of the Toyota Environmental Challenge 2050, as little impact as possible is made on the environment during each step of the process. From design to manufacturing, to end-of-life recycling programmes, our planet always comes first. This is because the ultimate long-term goal for Toyota is to make all our vehicles as environmentally friendly as possible. With this in mind, the entire Hilux range has been designed to have very low CO₂ emissions.

ZERO CO₂

CHALLENGE 2

LIFE CYCLE ZERO CO₂ EMISSIONS CHALLENGE

You are lending a helping hand to Toyota's efforts to reduce to zero not only CO₂ emissions produced in travelling and manufacturing, but all CO₂ emissions including the process of materials production, disposal and recycling of vehicles.

CHALLENGE 4

CHALLENGE OF MINIMISING AND OPTIMISING WATER USAGE

In automobile manufacturing, we use water in painting, forging and other processes. Therefore, even a small reduction of its impact on the water environments is important. We have two measures to achieve this, comprehensive reduction of the amount of water used and comprehensive purification of the water and returning it to the earth.

CHALLENGE 6

CHALLENGE OF ESTABLISHING A FUTURE SOCIETY IN HARMONY WITH NATURE

Here at Toyota we have engaged in planting trees at our plants and environmental conservation activities in our surrounding areas. To establish a society where humans and nature coexist in harmony, we are promoting several activities to connect regions, the world and the future.

The message is clear – Toyota Motor Corporation (TMC) wholeheartedly supports the Paris Agreement and accepts the challenge to achieve carbon neutrality by 2050. The Paris Agreement is a legally-binding international treaty on climate change and is aimed at reducing the emission of gases that contribute to global warming. While this treaty was only adopted in 2015, Toyota has been innovating and investing in technology to reduce emissions and achieve carbon neutrality for well over 30 years. Toyota has also led the way with more electrified vehicles on the road than any other automaker.

Toyota vehicles are known for their Quality, Durability and Reliability. Keeping your Toyota Genuine means no compromises in terms of safety, performance and resale value. The range of Genuine Products and Approved Services will ensure complete peace of mind throughout the ownership journey and beyond. For more information on how to Keep Your Toyota Genuine visit www.toyota.co.za/owners/genuine-parts

TOYOTA GENUINE PRODUCTS

For guaranteed fit and function, **Genuine Parts** are essential in maintaining the safety and reliability of your vehicle. They also comply with all safety, regulatory and environmental requirements, making it the obvious choice. The same exacting precision applies to **Toyota Accessories**, developed by engineers with extensive knowledge on vehicle integration – you can enhance the appeal and functionality of your Hilux without compromising its safety features or warranty. Warranties are about peace of mind, and the **Genuine Unlimited Warranty** is designed to provide superior cover (up to 10 years, unlimited mileage) and a seamless claims process thanks to full integration with Toyota systems. The **Genuine Extended Service Plan** also enjoys exclusive approval by Toyota SA and provides flexible extension options up to 10 years or 300 000 km to suit your period of ownership. Paying today's rates for tomorrow's maintenance is a sensible way to protect the resale value of your Hilux by means of a full service history.

TOYOTA APPROVED SERVICES

Specialised vehicle maintenance requires first-class facilities, advanced equipment and expert knowledge. **Toyota Quality Service and Value Service** not only promise accurate diagnosis and repair, but also a philosophy of building trust through a genuine concern for the needs of our customers. To complement the extensive network of Toyota dealers, we have a vast number of **Accredited Body and Paint Repairers**, selected on stringent criteria to ensure outstanding workmanship and customer service. You can maintain your vehicle's pristine condition without compromising its warranty thanks to the exclusive use of Genuine Parts by our Accredited Repairers. Offering 24-hour access to a full complement of assistance and recovery benefits, **Toyota Roadside Assistance** provides the peace of mind that competent support is only a phone call away.

TOYOTA GENUINE MEANS

✓ UNCOMPROMISED SAFETY ✓ GUARANTEED QUALITY ✓ PEACE OF MIND

TOYOTA FINANCIAL SERVICES

There is no 'one-size-fits-all' when it comes to vehicle finance and insurance, there is only you. With fast, flexible and convenient services we will structure the perfect Toyota Hilux deal for you.

At Toyota Financial Services, we believe that purchasing your Toyota should be as enjoyable as driving it. Toyota Financial Services is the fast, flexible and convenient means of financing your Toyota Hilux. We have created a range of finance products that suit both private and business customers, easily accessible through your local Toyota dealer. We take the hassle out of arranging finance.

Toyota Financial Services (South Africa) Ltd is an authorised Financial Services (FSP No. 7454) and Registered Credit Provider (NCRCP62).
