

NEXT-GEN
NX

 **LEXUS**
EXPERIENCE AMAZING

NEXT IS NOW

WITH THE CAR THAT
HAS TOMORROW
WRITTEN ALL OVER IT

Crafted to be a class-leading luxury crossover SUV, the next-generation Lexus NX signifies the arrival of the future. It boasts a wide range of future-facing features that are out of this world, from its new cockpit and multimedia layout that intuitively connect you to the vehicle, to the Lexus-first digital e-latch with Safe Exit Assist and more.

Five models make up the NX range:

NX 250 EX

NX 350 F SPORT

NX 350h EX

NX 350h SE

NX 350h F SPORT

Model shown NX350 F SPORT.

AN INNOVATIVE CONNECTION BETWEEN MAN AND MACHINE

Equipped with the refined Lexus Driving Signature (LDS), the next-generation Lexus NX provides an enhanced driving experience that's way ahead of its time. Rooted in the Lexus practice of *Omotenashi*, the Lexus Driving Signature showcases our innate attention to detail, *Takumi* craftsmanship, and human-centred creative process. It also enables a human-machine connection like never before, allowing you to have a more comfortable drive.

Model shown NX 350 F SPORT.

REDEFINING THE FUTURE OF DRIVING

Experience the most powerful and refined NX line ever, with a choice of either a petrol or hybrid* powertrain. Both options offer an all-new platform with an extended wheelbase, lower centre of gravity for a more confident ride, and an enhanced all-wheel drive.

NX 250 EX

The NX 250 EX's formidable 2.5-litre, four-cylinder petrol engine produces 152kW of power and 243Nm of torque at 4 000-5 000rpm. Its eight-speed automatic transmission reaches a top speed of 200km/h and offers smooth driving and efficiency. With fuel consumption of 7.1 litres per 100km, it produces 161g of CO₂ emissions per km.

NX 350 F SPORT

Delivering 205kW of power and 430Nm of torque at 1 700-3 600rpm, the next-generation NX 350 F SPORT has an eight-speed automatic transmission that offers smooth and dynamic gear changes. Its 2.4-litre, four-cylinder turbo petrol engine consumes 8.1 litres of fuel per 100km and produces 185g of CO₂ emissions per km.

Model shown NX 350h SE.

*Customer orders only.

PERFORMANCE

AN ENGINE DEDICATED TO A GREENER TOMORROW

Discover what the future holds with the NX hybrid* range that blends dynamic driving with exceptional fuel economy. Each model is powered by the Lexus Hybrid* Drive system, which fuses petrol and electric engines to deliver a drive that comes straight from the future.

NX 350h EX, NX 350h SE & NX 350h F SPORT

Offering a total system output of 179kW, the NX's 2.5-litre four-cylinder hybrid* engine is environmentally conscious, producing just 114g of CO₂ emissions per km. Reaching a top speed of 200km per hour, it achieves an optimised driving with its controlled Continuously Variable Transmission (CVT) using 5.0 litres of fuel per 100km.

A CAR THAT
LOOKS AS
AHEAD OF
ITS TIME
AS IT DRIVES

Striking from every angle, the NX's exterior design features a captivating spindle grille, stylistic lines, and a muscular physique. The next-chapter design is distinct and athletic thanks to its ideal proportions, wider front and rear track widths, sleek front and truncated rear. It also has larger wheels and tyres (an NX-first 20-inch wheel is available on the F SPORT), and a purposeful juxtaposition of sharp edges and large curved surfaces.

FRONT GRILLE

Chrome is out, while dark metallic colouring is in. Compared to its predecessor, the new NX grille stands more upright, is smaller and weighs less.

Model shown NX 350h SE and NX 350 F SPORT.
South African vehicle specifications may differ.
*Available on select models only.

PANORAMIC ROOF*

Our panoramic roof with an outer sliding moveable glass for front passengers and an extended panoramic roof for rear passengers gives all guests a beautiful view of the sky as well as a spacious, open feel.

18-INCH WHEELS

Created to stand out, the next-generation NX has head-turning wheels. Its 18-inch alloy wheels complete its bold sports look which gives it a sophisticated appearance.

EXTERIOR FEATURES

REAR L-SHAPED LIGHT BAR AND NEW LOGO

The L-shaped combination lamp on the rear fender functions as a tail light and illuminates the rear brand signature giving the rear a tight, contemporary look. The NX's rear Lexus badge has been replaced with a written-out logo, to create a simple and modern impression that is both sleek and recognisable.

TIME- DEFYING LUXURY

True luxury is timeless, which is why the NX seamlessly blends traditional Lexus lavish appointments with the latest modern technology. Embodying the Tazuna concept - the Japanese word for a horse's reins - the NX's cockpit design seamlessly and intuitively connects you to the vehicle, much like the bond between horse and rider.

THE DIGITAL* REAR-VIEW MIRROR

Enjoy safer manoeuvring with our digital rear-view mirrors – you can turn and reverse with the peace of mind that there won't be any surprises.

LEATHER* SEATS

The luxurious perforated leather upholstery is the perfect balance between sophisticated styling and comfort. The seats were created using mathematical curves, effortlessly enveloping the driver for a smooth and supported driving experience.

HUMAN-CENTRED CABIN

Inspired by the Japanese concept of *Omotenashi*, the NX's five illuminating themes (Healing, Relaxing, Rejuvenating, Focusing, and Exhilarating) and comfortable atmosphere make you feel welcome every time you step into it.

SEAT VENTILATION AND SEAT HEATERS

Experience next-level comfort courtesy of the NX seat heaters that keep the cabin comfy when temperatures drop. On hot days, you and your passengers can enjoy your own levels of cooling with the dual-zone air conditioning.

DIGITAL SPEEDOMETER

The high-definition display on the speedometer makes it easy for you to safely check and monitor necessary information while driving.

Images shown for illustrative purposes.

*Available on select models only.

A CAR THAT PROTECTS BOTH PASSENGERS AND PEDESTRIANS

SAFETY

Built with the Lexus Safety System+ 3.0, the next-generation NX offers features that protect pedestrians as much as you and your passengers. With future-facing technology that can automatically brake for oncoming cars, slow down when manoeuvring around corners and more, it's our most advanced standard safety suite ever.

Model shown NX 250 EX.
South African vehicle specifications may differ.

LEXUS SAFETY SYSTEM+ 3.0

THE FUTURE-FORWARD NX COMES STANDARD WITH FEATURES THAT WERE DEVELOPED TO ASSIST WITH ACCIDENT PREVENTION.

ADAPTIVE ALL-SPEED CRUISE CONTROL

The system uses an advanced millimetre wave radar sensor and camera to detect the vehicle in front and provide control to maintain an appropriate following distance. If the vehicle in front comes to a halt, the system will stop the NX. When the vehicle moves off again, the NX will start off and continue following.

IMPROVED ADAPTIVE* HIGH-BEAM SYSTEM

The next-generation NX is equipped with headlights that provide greater visibility for drivers, adding illumination when the road ahead is clear, then temporarily switching to low beams when it detects the headlights or tail lights of vehicles ahead.

LANE TRACE ASSIST

The Lane Trace Assist with steering vibration will keep your NX centred in lanes and it can even provide steering assistance. Designed for added convenience and to help reduce driver strain, the system can also be used in traffic and on highways with gradual curves.

PRE-CRASH SYSTEM

The NX's Pre-Crash System uses sensors to detect any dangers in front of the vehicle. When the system detects a potential frontal collision, it helps provide steering assistance and automatically brakes to stop the NX.

SAFE EXIT ASSIST (SEA)*

When exiting the NX, greater peace of mind is accomplished with SEA. Using sensors from the Blind Spot Monitor, SEA can detect vehicles and bicycles approaching from behind. When the door is opened, the system can detect an impending collision and will light the indicator in the outer mirror to alert the driver. If an attempted opening of any door is detected, the Lexus-first e-latch system allows door unlatch operation to be cancelled.

BLIND SPOT MONITOR*

Blind Spot Monitor (BSM) with Rear Cross Traffic Alert detects vehicles in adjacent lanes that are not visible on the door mirrors. If the driver is indicating to change lanes and a vehicle enters the blind spot, a warning signal appears on the relevant door mirror.

ELECTRONIC PARKING BRAKE

Instead of a traditional handbrake, the next-generation NX has an electronic parking brake that activates with the touch of a button.

Images shown for illustrative purposes.

*Available on select models only.

TECHNOLOGY INSPIRED BY TOMORROW

True to its future-forward nature, the next-generation Lexus NX offers an array of human-centred innovative technology, from the first-ever Lexus 14-inch touchscreen display to the most innovative in-cabin multimedia and more. Each technology adds to the driving experience and aims to enrich a genuine connection between you and the NX.

Model shown NX 350 F SPORT.

South African vehicle specifications may differ.

AUDIO SYSTEM

The NX features a 17-speaker* Mark Levinson®* audio system that can be linked to smart devices through either Apple CarPlay or Android Auto. All of these display the screen of the smartphone on the vehicle's infotainment screen, as well as linking the phone's audio output to the vehicle's speakers.

Images shown for illustrative purposes.

*Available on select models only.

MYLEXUS APP

As with every Lexus vehicle, the next-generation NX can be connected to the MyLexus App on your mobile phone. Not only does it give you more control of your driving experience, it also opens up a whole new world of personalised offerings and customisable features like in-car Wi-Fi, roadside assistance and more.

MULTIMEDIA SCREEN

Featuring an anti-reflective coating, the multimedia screen provides uncompromised clarity when using the high-resolution 14-inch touchscreen. It also utilises glare-reducing bonding technology and can be individualised in colour and font through five selectable themes.

F SPORT

EXPERIENCE THE DISTINCTIVE **F SPORT RANGE**

Available in both petrol and hybrid* powertrains, the NX F SPORT is a glimpse of the future of sporty crossovers. With a unique grille, sports seats, rear bumper, 20-inch wheels and more, this next-generation NX is redefining the future of driving.

Model shown NX 350 F SPORT.

*Customer orders only.

F SPORT BADGE

Although discreet, the F SPORT logo is a badge of distinction. The “F” refers to the birthplace and primary testing site of our thrilling F SPORT vehicles: the Fuji Speedway, located near Mount Fuji in Japan.

20-INCH WHEELS

The 20-inch gloss black aluminium wheels increase the NX 350 F SPORT’s curb appeal and add to the sporty, modern appearance.

F SPORT GRILLE

The F SPORT trim features a Piano-Black grille and silver lower bumper to indicate its uniqueness.

F SPORT EMBELLISHMENTS

Featuring the F SPORT logo, you’ll feel thrilled every time you take this wheel in your hands. Finished in 3-spoke leather, the F SPORT gearshift design matches the steering wheel to create an exciting, sporty ambience. The exquisite perforated leather sports seats hold you comfortably in place, while subtle details like the aluminium-finished pedals and scuff plate finish up the F SPORT’s next-level design.

F SPORT REAR BUMPER

A silver rear bumper portion distinguishes its F SPORT status from the rest of the NX range.

EXPERIENCE ULTIMATE CONNECTIVITY WITH **MYLEXUS**

All Lexus vehicles can now be connected to the MyLexus App on your mobile phone, giving you more control of your driving experience and opening up a whole new world of personalised offerings and customisable features so that you can:

IN-CAR Wi-Fi*

Connect to Wi-Fi

GPS LOCATOR

Always know your vehicle's GPS location

LOGBOOK

Have access to a digital logbook

DRIVER NOTIFICATIONS

Important reminders like licence renewal

BATTERY HEALTH CHECK

Check your battery health

SERVICE BOOKING

Manage your services

ROADSIDE ASSISTANCE

Get real-time roadside assistance

DRIVER RATING

Receive a driver rating

FLEET MANAGEMENT

Monitor your fleet

LICENCE RENEWAL

Car licence renewal available

AND MORE

The above features are not all; there are loads of other features available to further enhance driver and guest safety, convenience and comfort, and plenty more to come to make your driving experience better and better with every kilometre.

**DOWNLOAD THE MYLEXUS APP
AND GET CONNECTED TODAY**

FIND OUT MORE AT [LEXUS.CO.ZA/MYLEXUS](https://www.lexus.co.za/mylexus)

*15GB Free data once-off upon activation. Ts&Cs apply. Available in South Africa only.

LEXUS MAINTENANCE

INTRODUCTION

At Lexus, we take pride in the advanced engineering and craftsmanship of the vehicles we build. For that reason, our Warranty and Distance Plans are designed to provide Lexus owners with seamless vehicle maintenance and complete peace of mind. The Lexus Warranty and Distance Plans both enjoy full support by Lexus SA and offer customers access to specialised servicing, maintenance and repair at any Lexus dealer in South Africa, Namibia and Botswana.

WARRANTY AND DISTANCE PLANS

To complement its comprehensive Warranty, the NX features a Distance Plan Complete that provides for service and maintenance costs. The option to extend the period of cover is available for both the Warranty and Distance Plan Complete. These options can be discussed with your Lexus dealer. To familiarise yourself with the cover provided by Warranty and Distance Plan on the NX, please consider the information below.

WARRANTY

- Duration: 7 Years or 105 000km from original date of sale.
- Cover: Repair or replacement of components that fail or malfunction as a result of manufacturing or material defect.

DISTANCE PLAN

The NX features a Distance Plan Complete that will incept with the vehicle's Warranty.

- Duration: 7 service intervals or up to 105 000km.

- Cover: All servicing as per manufacturer's schedule (at least every 12 Months or 15 000km) as well as the replacement of components as a result of normal wear and tear.

Consult with your Lexus dealer for more information on the terms and conditions of the Warranty and Distance Plan Complete offered on the NX range. The NX 350h EX, NX 350h SE and NX 350h F SPORT models have a Hybrid Battery Warranty of 8 Years/195 000km.

LEXUS LIFE

Our online magazine, Lexus Life celebrates innovative design, sustainable technologies and premium experiences around the globe.
