LEAD THE WAY

COROLLA HAS IT ALL

COROLLA

WHAT IF A CAR WAS SO LOVED, IT BECAME A BRAND?

The Corolla has always been an icon. A global bestseller that is loved all over the world. It is a car synonymous with quality and safety. Space and comfort. Family and memories. The Corolla is a car that has captured the hearts of millions. And now it has even more to offer with a range of vehicles that has something for everyone.

Welcome to a new era of Corolla, where three exciting models come together under one name. Where a history of quality meets future technology, price meets performance, and power and beauty go hand in hand.

MEET THE ALL-NEW COROLLA RANGE

THE NEW COROLLA QUEST

THE COROLLA HATCH

THE ALL-NEW COROLLA

MODELS SHOWN: Corolla 2.0 XR CVT | Corolla Quest 1.8 Exclusive Manual | Corolla Hatch 1.2T XR CVT

ALL THE POWER OF THE ALL-NEW COROLLA

If engine performance and driving dynamism are what you desire in a car, you'll love the all-new Corolla. It delivers an exhilarating ride like you've never experienced before and it's an all-round pleasure to drive.

It is built using the Toyota New Global Architecture (TNGA), which uses structural innovation to reinvent the powertrain unit and chassis, which means the all-new Corolla was born to deliver exceptional driving performance. It is a car that has everything: sleek, modern lines and a tastefully aggressive design, a beautiful interior with an elegantly sweeping dashboard, a powerful engine that purrs to life with the touch of a push start button and state-of-the-art technology that includes Toyota's intuitive new Safety Sense Package*.

The sculpted body, 18" alloy* wheels, rounded engine hood, wide stance and unprecedented sportiness of the all-new Corolla make it look as powerful on the outside as it is luxurious on the inside.

The Hybrid** model boasts a uniquely balanced fusion of a petrol engine and an electric motor that instinctively and automatically switches between the two for maximum efficiency. Enjoy revolutionary fuel economy and high performance with this compact and streamlined engine design - resulting in a truly exhilarating driving experience.

MODEL LINE-UP

COROLLA 1.8 XS CVT | COROLLA 1.8 XS CVT HYBRID** | COROLLA 2.0 XR MANUAL | COROLLA 2.0 XR CVT

MODEL SHOWN: Corolla 2.0 XR CVT

*Available on selected models only

hybrid model available

SPORT DRIVE SETTING

THE HIGH-PERFORMANCE ENGINE COMES WITH A SPORT* DRIVE SETTING THAT DELIVERS A DYNAMIC DRIVING EXPERIENCE WHEN THE DRIVER DEMANDS IT.

ENGINE PERFORMANCE

THE COROLLA RANGE HAS A VARIETY OF ENGINES AVAILABLE. CHOOSE BETWEEN THE 1.8/ PETROL, THE 1.8/ HYBRID OR THE 2/ PETROL - NO MATTER YOUR PREFERENCE, AN EXHILARATING RIDE AWAITS.

DOUBLE WISHBONE REAR SUSPENSION

THE ALL-NEW COROLLA DELIVERS AN INCREDIBLE DRIVING EXPERIENCE WITH IMPROVED STABILITY AND STEERING, MAKING IT THE BEST-HANDLING COROLLA TO DATE.

TOYOTA SAFETY SENSE*

BOTH XR MODELS COME WITH THE TOYOTA SAFETY SENSE PACKAGE FEATURING ADAPTIVE CRUISE CONTROL, AN INTUITIVE PRE-CRASH SAFETY SYSTEM, BLIND SPOT MONITOR, A LANE KEEPING SYSTEM WITH LANE DEPARTURE ALERT* AND LANE TRACE ASSIST*.

HAVE IT ALL IN THE NEW COROLLA QUEST

The all-new Corolla Quest was built with value in mind. A car anyone would be proud driving and that more South Africans are able to afford. That is why we have made sure that it has as many standard features as possible, far more than its price would suggest.

In fact, when you consider the improved safety and styling features and state-of-the-art technology, value-for-money may seem like an understatement.

The Corolla Quest is more advanced with world-class technology like a reverse camera*, automatic rain-sensing* wipers, smart entry*, as well as adaptive cruise control*. The entire line-up also comes with a 1.8l engine for unbeatable performance in its category.

This improved engine power – taken together with all the new innovative features – puts the Corolla Quest in a class of its own.

*Available on selected models only

You also get all the peace of mind that comes with driving a Toyota – from the promise of quality, durability and reliability to the low ownership and maintenance costs, making the Corolla Quest one of the most value-for-money options in the C-segment today.

MODEL LINE-UP:

MODEL SHOWN: Corolla Quest 1.8 Exclusive Manual

THE COROLLA HATCH WITH ALL THE STYLE

Toyota is obsessed with making things better and continuously improving. That's how a whole new calibre of car was born. Meet the turbocharged Corolla Hatch that performs with power but travels light, is obsessed with style and engages all your senses.

It's comfortable, yet compact. Sporty, yet spacious. It's a 5-door hatch that has it all, with touches of style everywhere you look. The Hatch's confident, 3-dimensional styling flows from the LED headlamps, over

the assertive mesh grille and all the way to the expressively-sculpted rear bumper.

The Corolla Hatch not only looks hot, it has all the cool tech as well - auto dual-zone air conditioning that lets you and your passenger set your zone to your preferred temperature, Smart Entry that means your key fob never has to leave your pocket or handbag, and a push start button that awakens the turbocharged beast of an engine.

MODEL LINE-UP:

COROLLA HATCH 1.2T XS | COROLLA HATCH 1.2T XR CVT | COROLLA HATCH 1.2T XS CVT

SPACIOUS BOOT

LOAD UP WITH 294% OF BOOT SPACE.

INNOVATIVE FEATURES

SEE IT ALL WITH ELECTRIC, HEATED, POWER-FOLDING* SIDE MIRRORS WITH BLIND-SPOT MONITOR (BSM)* WITH CROSS TRAFFIC ALERT* THAT ACTS AS A SECOND PAIR OF EYES FROM 60M AWAY.

ENGINE PERFORMANCE

1.2L TURBOCHARGED ENGINE WITH VVT-iW (VARIABLE VALVE TIMING - INTELLIGENT WIDE) INTAKE, DIRECT INJECTION FUEL DELIVERY AND 10:1 COMPRESSION RATIO.
85 KW @ 5 200 - 5 600 R/MIN
185 NM @ 1 500 - 4 000 R/MIN

NEW 18" ALLOYS

THE STRIKING NEW 18" ALLOY* WHEELS HAVE BEEN REDESIGNED FOR MAXIMUM IMPACT AND ALL-OUT STYLE.

IMPROVED VISIBILITY

THE COROLLA HATCH ALWAYS LOOKS ITS BEST WITH DAYTIME RUNNING LIGHTS (DRL), INTEGRATED LED HEADLAMPS WITH AUTO HIGH BEAM*, LED BRAKE LIGHTS AND FRONT AND REAR FOG LAMPS.

A RANGE OF INNOVATIVE FEATURES. FROM A RANGE THAT HAS IT ALL.

Technology is part of the Corolla DNA and all Corolla vehicles are manufactured using a state-of-the-art manufacturing process that reduces production faults to the lowest ever, per vehicle. It makes driving your Corolla so effortless that it will feel like an extension of you. You'll experience it from the moment you effortlessly get into your car with Smart Entry*, when you drop your smartphone into the wireless charging tray*, and when you hit the push start* button and feel the powerful purr of the meticulously crafted engine hum to life.

The multi-functional steering wheel brings technology-like adaptive cruise control* to your fingertips. The 7" touchscreen* allows you to easily navigate the infotainment system. And when you finally get to wherever it is you're going, the reverse camera* with audio functionality makes parking your Corolla an absolute breeze. If you're looking for comfort and convenience, there's no need to look any further than the Corolla.

 ALL THE CONNECTION

 ALL THE LUXURY

 ALL THE CONTROL

IMPRESSIVE. INSIDE AND OUT.

The Corolla's reputation for quality, durability and reliability means you're probably going to be driving yours for years to come. That's why we've designed our cars to be so comfortable they feel more like cocoons than cabins.

You'll feel it in the luxury leather* touches on the seats, steering wheel and gear lever. The generous space options provided by the 60/40 rear seat split. You'll see it in the smooth lines of the elegantly sweeping dashboard that boasts the highest-quality finishes.

You'll experience it when you sink into the heated* seats with 2-way electronic lumbar support* or navigate the touchscreen infotainment system*.

You'll appreciate it on those night drives when the electrochromatic* rear view mirror automatically dims* the glare of the headlights behind you, cruise control* monitors your speed in relation to the other cars on the road and when the music from the Bluetooth-enabled sound system washes over you. No matter which Corolla you're driving, you'll experience absolute comfort and effortless luxury every time you drive it.

**15GB Free data once-off upon activation. Ts & Cs apply. Wi-Fi available in South Africa only. Subject to dealer activation.

THE
POWER
OF

3

All three Corolla models deliver exceptional performance and exhilarating drives.

If you are looking for power, look no further than the all-new Corolla. The 1.8ℓ engine produces 104 kW @ 6 100 r/min and 171 Nm @ 3 900 r/min. The 1.8ℓ Hybrid engine produces 72 kW @ 5 200 r/min and 142 Nm @ 3 600 r/min. And the 2ℓ* direct-injection Dynamic Force Engine produces 125 kW @ 6 600 r/min and 200 Nm @ 4 400-4 800 r/min.

The Corolla Quest leaves its competitors far behind with the introduction of a new, more powerful 1.8ℓ engine on all models, producing 103 kW @ 6 400 r/min and 174 Nm @ 4 000 r/min.

The Corolla Hatch is as big on power as it is on style with a 1.2ℓ turbocharged engine with VVT-iW (Variable Valve Timing - Intelligent Wide) intake, producing 85 kW @ 5 200-5 600 r/min and 185 Nm @ 1 500-4 000 r/min.

*Available on selected models only

WHAT'S STYLE WITHOUT SAFETY?

The Corolla is known the world over for safety and the new range is no exception. Experience the Toyota Safety Sense Package* that comes with an intuitive Pre-crash Safety System* that automatically brakes for you to avoid a collision. The Blind Spot Monitor* detects cars you may not be able to see while the Lane Keeping System* and Lane Departure Alert* keeps you safely between the lines.

The braking system is best in its class with Anti-lock Braking System (ABS) and Electronic Brake-Force Distribution (EBD) to give you more steering control in case of sudden or hard braking. Vehicle Stability Control (VSC) helps you maintain traction while accelerating on slippery

roads and Hill-Assist Control (HAC) keeps you from rolling back when you stop on an incline.

All Corolla models come fitted with SRS airbags, giving both drivers and passengers added protection in case of an accident. Even the smallest passengers are well taken care of thanks to child protection locks on the doors and ISOFIX seatbelt connectors to ensure car seats are fitted to international safety standards.

On rainy days, the rain-sensing wipers* ensure the road ahead is always visible and on dark nights, the Follow-Me-Home headlights* stay on after you've parked so that your path is lit until you are safely inside.

TOYOTA ENVIRONMENTAL CHALLENGE 2050

CHALLENGE 1

NEW VEHICLE ZERO CO₂ EMISSIONS CHALLENGE

By owning a Toyota you would be contributing to the reduction of vehicle CO₂ emissions by 90% in 2050 as opposed to 2010. You will help us promote the development of next-generation vehicles and further accelerate the spread of these vehicles.

CHALLENGE 3

PLANT ZERO CO₂ EMISSIONS CHALLENGE

You uphold the two main pillars of our strategy to achieve zero CO₂ emissions at our plants which are:

- 1) Developing and introducing low-CO₂ technologies with ongoing kaizen.
- 2) Adopting renewable energy sources and utilizing hydrogen energy.

CHALLENGE 5

CHALLENGE OF ESTABLISHING A RECYCLING-BASED SOCIETY AND SYSTEMS

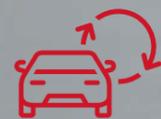

You have contributed to our 40 years on the challenge of resource recycling. Going forward, by rolling out to the world the technology and systems evolved in Japan, we will all continue working on the challenge of establishing a recycling-based society.

Toyota is serious about combating the problems associated with waste tyres in the country and has therefore taken up its producer responsibility as defined by the Waste Management Act of 2008. Waste Tyre Registration Number: TPREG0031GAU

The Toyota Corolla range has been manufactured to minimise its carbon footprint by using a D-4 pump that increases fuel pressure and injection efficiency and lowers emissions.

Guided by the goals of the Toyota Environmental Challenge 2050, as little impact as possible is made on the environment during each step of the process. From design to manufacturing, to end-of-life recycling programmes, our planet always comes first. This is because the ultimate long-term goal for Toyota is to make all our vehicles as environmentally friendly as possible. With this in mind, the entire Corolla range has been designed to have very low CO₂ emissions.

At Toyota, creating technologically advanced vehicles isn't our only priority; we're committed to lowering our environmental impact throughout our entire production process. How? By setting ourselves six challenges that will see us reach a truly world-changing goal: a positive environmental impact by 2050.

CHALLENGE 2

LIFE CYCLE ZERO CO₂ EMISSIONS CHALLENGE

You are lending a helping hand to Toyota's efforts to reduce to zero not only CO₂ emissions produced in travelling and manufacturing, but all CO₂ emissions including the process of materials production, disposal and recycling of vehicles.

CHALLENGE 4

CHALLENGE OF MINIMISING AND OPTIMISING WATER USAGE

In automobile manufacturing, we use water in painting, forging and other processes. Therefore, even a small reduction of its impact on the water environments is important. We have two measures to achieve this, comprehensive reduction of the amount of water used and comprehensive purification of the water and returning it to the earth.

CHALLENGE 6

CHALLENGE OF ESTABLISHING A FUTURE SOCIETY IN HARMONY WITH NATURE

Here at Toyota we have engaged in planting trees at our plants and environmental conservation activities in our surrounding areas. To establish a society where humans and nature coexist in harmony, we are promoting several activities to connect regions, the world and the future.

The message is clear - Toyota Motor Corporation (TMC) wholeheartedly supports the Paris Agreement and accepts the challenge to achieve carbon neutrality by 2050. The Paris Agreement is a legally-binding international treaty on climate change and is aimed at reducing the emission of gases that contribute to global warming. While this treaty was only adopted in 2015, Toyota has been innovating and investing in technology to reduce emissions and achieve carbon neutrality for well over 30 years. Toyota has also led the way with more electrified vehicles on the road than any other automaker.
